PITT RIVER BRIDGE BIDDERS SHORT LISTED

Shortlisted Proponents

Peter Kiewit Sons Co.

Peter Kiewit Sons Co. is a leading heavy construction contractor.

The Peter Kiewit Sons Co. team includes ND Lea Inc. with the responsibility for highway interchange design and Associated Engineering (BC) Ltd., who are responsible for the bridge design. Peter Kiewit Sons Co. would be responsible for project management, bridge construction, highway/interchange design and demolition.

Since the early 1940s, Peter Kiewit Sons Co. has been building projects throughout the western provinces, from British Columbia to Manitoba to the Northwest Territories. Projects include construction of highways, airports, mass transit, site development, canals, dams and tunnels. In addition to other major projects, Peter Kiewit Sons Co. has been involved in the Sea-to-Sky Highway Improvement, Tacoma Narrows and projects in the San Francisco Bay area.

Pitt River Constructors (Flatiron)

The Pitt River Constructors team includes Flatiron Construction Canada Ltd., who will be responsible for the project management, bridge construction and demolition. Working with Flatiron would be Buckland & Taylor on bridge design, Graham Construction & Engineering on road works and McElhanney Engineering on road design.

Flatiron Construction is a group of companies specializing in transportation and heavy civil construction throughout North America. Projects in B.C. have included the widening of the Port Mann Bridge and Kicking Horse Canyon Pass.

Vinci Constructors Grands Projets S.A.S.

Vinci Constructors Grands Projets is a large construction company with a head office in France and an office in Montreal.

The Vinci Constructors team includes Klohn Crippen Berger on bridge design, Urban Systems on highway and interchange design and Freyssinet on demolition. Vinci Constructors would be responsible for project management, bridge construction and highway and interchange design.

Vinci Constructors has been responsible for major infrastructure, building and civil engineering projects world-wide. In addition to some significant international projects, including the Channel Tunnel, Vinci Constructors has been responsible for Confederation Bridge in Prince Edward Island and the Fredericton to Moncton Highway.
