2.2 Collaborative Meetings

The Owner will make available certain of its personnel, consultants, and advisors (the Owner Representatives) to participate in collaborative discussions with the Proponents (the Collaborative Meetings). It is expected that Collaborative Meetings will be held in person, in Mission, unless otherwise permitted at the discretion of the Owner. The Owner expects that Proponents will make available all necessary consultants, including architectural, mechanical, and electrical to attend the Collaborative Meetings.

The Owner expects the Collaborative Meetings to take place as follows:

- (a) the purpose of the Collaborative Meetings is to provide a process that will assist the Proponents to develop optimal solutions for the Project while minimizing the risk that a Proponent's solution is unresponsive to the Owner's requirements, and in particular:
 - (i) to permit the Proponent to provide the Owner's Representatives with comments and feedback on material issues such as affordability, schedule, or provisions of the Initial Draft Design-Build Agreement; and
 - (ii) to permit a Proponent to discuss with the Owner potential solutions and approaches that the Proponent may be considering for various aspects of its Proposal;
- (b) in advance of each Collaborative Meeting, and no later than the Submission Time for Collaborative Meeting 1, Submission Time for Collaborative Meeting 2, and Submission Time for Collaborative Meeting 3, each Proponent is strongly encouraged to provide the Owner with:

- (i) a proposed meeting agenda (including any consultants and advisors a Proponent would like in attendance from the Owner Representatives); and
 - (ii) a list of prioritized issues the Proponent would like to discuss, and any materials relevant to such issues; Materials not submitted by the Submission Time for Collaborative Meeting 1, Submission Time for Collaborative Meeting 2, and Submission Time for Collaborative Meeting 3, may not be reviewed by the Owner.
 - (iii) The Owner may provide Proponents with comments on the agenda and a list of any prioritized issues the Owner would like to discuss.
 - (iv) An example of the structure of the Collaborative Meetings, as well as an agenda and suggested submission items, is included in Appendix N;
- (c) the Owner will determine which Owner Representatives will be present at any Collaborative Meeting;
- (d) except as may be expressly stated otherwise in this RFP, including Section 11.5, the Owner will retain all information received from a Proponent during a Collaborative Meeting(s) as strictly confidential, and will not disclose such information to the other Proponents or any third party. The Owner may disclose such information to its consultants and advisors who are assisting or advising the Owner with respect to the Project;
- (e) at each Collaborative Meeting, a Proponent may have such officers, directors, employees, consultants and agents of the Proponent and the Proponent Team members present as the Proponent considers reasonably necessary for effective communication with the Owner and to fulfil the objectives of the Collaborative Meeting provided that the Owner may, in its discretion, limit the number of participants at any one meeting. Participation in Collaborative Meetings is in person; unless otherwise permitted at the discretion of the Owner;
- (f) to facilitate free and open discussion at the Collaborative Meetings, Proponents should note that any comments provided by or on behalf of the Owner during any Collaborative Meeting, including in respect of any

particular matter raised by a Proponent or which is included in any documents or information provided by a Proponent prior to or during the Collaborative Meeting, and any positive or negative views, encouragement or endorsements expressed by or on behalf of the Owner during the Collaborative Meetings to anything said or provided by Proponents, will not in any way bind the Owner and will not be deemed or considered to be an indication of a preference by the Owner even if adopted by the Proponent;

- (g) if for the purposes of the preparation of its Proposal a Proponent wishes to rely upon anything said or indicated at a Collaborative Meeting, then the Proponent must submit an Enquiry describing the information it would like to have confirmed and request that the Owner provide that information to the Proponent in written form and, if such information relates to a clarification, explanation or change to a provision of this RFP or the Design-Build Agreement, request an Addendum to this RFP clarifying and amending the provision in question;
- (h) by participating in the Collaborative Meetings a Proponent confirms its agreement with these procedures and acknowledges that the meetings are an integral part of the procurement process as described in this RFP and are in the interests of all parties;
- (i) the Owner anticipates holding three Collaborative Meetings with each Proponent prior to the Submission Time for Technical Submissions. Following the release of the RFP, the Owner will consult with each Proponent to confirm specific dates for Collaborative Meetings. If the Owner considers it desirable or necessary to schedule additional or fewer Collaborative Meetings, the Owner may, in its discretion, amend the anticipated schedule;
- (j) Proponents may request that the Owner schedule additional Collaborative Meetings on specific topics by providing the request in writing to the Contact Person with proposed dates and details of the topic or topics to be discussed; and
- (k) it is expected that Collaborative Meetings will be held in Mission, British Columbia.

2.3 Business-to-Business Networking Session

The Owner intends to coordinate a session with Proponent Teams and local contractors, suppliers, and businesses (Business-to-Business Networking Session) to provide an opportunity for:

- (a) local contractors, suppliers, businesses, and potential employees who might be interested in working with, or providing products and services to, the Preferred Proponent to meet the Proponent Teams; and
- (b) Proponent Teams to enhance their knowledge, understanding and awareness of local goods, labour pool and services, and to build relationships with local contractors, suppliers, and businesses.

At this time, it is anticipated that the session will be held in person in Mission, British Columbia.

2.4 Comments on the Design-Build Agreement

Each Proponent should review the Initial Draft Design-Build Agreement for the purpose of identifying any issues or provisions that the Proponent would like to see clarified or amended. Following such review:

- (a) the Owner will invite Proponents as part of the Collaborative Meeting process to discuss possible clarifications or amendments to the Initial Draft Design-Build Agreement, including with respect to commercial, legal, and design and construction aspects of the Project;
- (b) each Proponent should, by the Submission Time for Collaborative Meeting 1, Submission Time for Collaborative Meeting 2, and Submission Time for Collaborative Meeting 3, as applicable, provide the Owner with a prioritized list of requested changes, if any, to the Initial Draft Design-Build Agreement using the Proponent Comments Form attached as Appendix E, together with the agenda and issues list described in Appendix N; and
- (c) the Owner will consider all comments and requested clarifications or amendments received from the Proponents in the Collaborative Meetings and may respond to some or all of the comments received and will amend the Initial Draft Design-Build Agreement as the Owner may determine in its discretion.

Prior to the Submission Time for Technical Submissions, the Owner intends to issue by Addendum one or more revised drafts of the Design-Build Agreement, including one that will be identified as the final draft design-build agreement (the Final Draft Design-Build Agreement). The Owner may further modify the Final Draft Design-Build Agreement by Addendum prior to the Submission Time for Financial Submissions. The Final Draft Design-Build Agreement will be the common basis for the preparation of all Proposals, and Proponents should not, in their Proposal, make any modifications, changes or additions to the Final Draft Design-Build Agreement except for modifications, changes or additions to the Statement of Requirements as provided for in Section 5.3 or modifications, changes or additions provided for in Section 9.2.

2.5 Data Room

The Owner has established a website to be used as an electronic data room (the Data Room) in which it has placed documents in the possession of the Owner that the Owner has identified as relevant to the Project, and that may be useful to Proponents. The Owner does not make any representation as to the relevance, accuracy, or completeness of any of the information available in the Data Room except as the Owner may advise in writing with respect to a specific document. The Owner will grant Proponents access to the Data Room and will require Proponents to execute an agreement to keep information contained in the Data Room confidential.

The information in the Data Room may be supplemented or updated from time to time. Although the Owner will attempt to notify Proponents of all updates, Proponents are solely responsible for ensuring they check the Data Room frequently for updates and to ensure the information used by the Proponents is the most current, updated information.

2.6 Proponent's Contact Representative

The Owner intends to communicate solely with the Proponent's Contact Representative and may disregard communications from other persons on behalf of the Proponent during the Competitive Selection Process.

Although the Owner may rely on the Proponent's Contact Representative's authority to bind the Proponent, execution of documents by the Proponent's Contact Representative is not required. The Owner may rely on the authority to bind the Proponent by any person or persons representing the Proponent.

3 Key Project Elements

Any description or overview of the Initial Draft Design-Build Agreement or the Final Draft Design-Build Agreement in this RFP is provided for convenience only and does not replace, supersede, supplement, or alter the Initial Draft Design-Build Agreement or the Final Draft Design-Build Agreement. If there are any inconsistencies between the terms of the Final Draft Design-Build Agreement and the description or overview of those terms set out in this RFP or the Initial Draft Design-Build Agreement, the terms of the Final Draft Design-Build Agreement will prevail.

3.1 Summary of Project Scope

The Design-Builder will be required to design and build a new secondary school in Mission. The new Mission Senior Secondary School to be constructed on the same site as the existing Mission Secondary School (the “Existing School”) at 32939 7th Avenue, Mission (Site). The functional requirements are detailed in the Design-Build Agreement.

The existing school will remain in operation throughout construction. Following the completion of construction of the new school, the Design-Builder will be responsible for the demolition of the existing school and completion of the site (e.g. landscaping, parking, playing fields)

3.2 Design-Builder

The Design-Builder will be responsible for all aspects of the Project in accordance with the Design-Build Agreement. This includes:

- (a) design and construction of the Project including integration of the various building components with each other;
- (b) provision of utilities and other Site services required to support the Project during construction;
- (c) Achieving Target Substantial Completion of the Building and providing access to the Owner by June 1, 2028; and

(e) Target Substantial Completion of the Project by June 1, 2029.

3.3 Municipal Approvals

In accordance with the Design-Build Agreement, the Design-Builder will be responsible for obtaining all permits and approvals required for the design and construction of the Project and to ensure that its design for the Building complies with the applicable zoning and related City of Mission (the City) requirements. The Design-Builder will also be responsible for obtaining all permits and approvals required to demolish the Existing School.

The Owner has initiated preliminary discussions with the City with respect to its requirements for the Project and the Competitive Selection Process as follows:

- (a) off-site servicing and services relocation; and
- (b) City Engineering Department requirements.

3.3.1 Communications With the City

Each Proponent will have the opportunity to meet separately and confidentially with City representatives prior to the Submission Time for Technical Submissions to allow Proponents to obtain information they may require for the preparation of Proposals.

Although the City will endeavour to provide accurate responses to questions to the best of its ability based on the information at hand, the responses are not binding on the City or the Owner and are on a without prejudice basis. All Proponent meetings with the City may include an Owner representative and will be coordinated through the Contact Person.

All requests for information from the City are to be submitted to the Contact Person through the Enquiry process outlined in Section 7.6.

3.4 Technical Reports

The Owner has made available certain reports in the Data Room describing Site conditions for reference by Proponents.

The following information is available to Proponents in the Data Room (collectively referred to as the Technical Reports):

- (a) Hazardous materials report;
- (b) Geotechnical report; and

(c) Environmental report.

The Technical Reports outlined in Section 3.4 of this RFP are limited to a factual record of materials. Only objective factual data provided in the investigations and reports outlined in Section 3.4 of this RFP can be relied upon for accuracy (subject to any qualifications or conditions set out in such investigations or reports or the Design-Build Agreement) but such data cannot be relied on for sufficiency, relevancy, or interpretation.

3.5 Site Considerations

In submitting a Proposal, Proponents should satisfy themselves as to the Site conditions and the impact they could have on any or all of the Work, as defined in the Design-Build Agreement. In submitting a Proposal, Proponents are to confirm they understand the existing conditions, critical dimensions, and limitations of the Site.

The Owner will facilitate a site tour for the Proponents for the purpose of answering questions related to site conditions. This will take place on, on the same day as the scheduled Business-to-Business Networking Session.

3.6 Space Requirements and Indicative Design

The Design-Builder will be required to design and construct the Building to accommodate the spaces, activities, functions, design features, and adjacencies described in the Design-Build Agreement.

The Owner's compliance team has developed an indicative design (the Indicative Design) for the Building. This Indicative Design serves several purposes, including testing functionality and providing general layout and adjacencies. The Indicative Design is not intended to restrict Proponents in their design of the Building.

The Indicative Design should not be relied upon by Proponents. It is for illustrative and general guidance purposes only and does not relieve the Design-Builder in any way of all responsibility for the design of the Building.

The Indicative Design is available in the Data Room.

3.7 Furniture and Equipment

The Design-Builder will complete the Building to accommodate equipment, including all required electrical and plumbing connections, structural support, seismic restraints, and space for

efficient access, all to the tolerances and specifications as may be specified and required by the manufacturers or suppliers of the equipment, and in accordance with the Design-Build Agreement.

The description regarding roles and responsibilities, related to equipment, as well as an equipment list, are provided as an appendix to the Statement of Requirements. The Design-Builder is required to coordinate equipment installation with the building construction schedule while allowing delivery/installation as close to Substantial Completion as possible. All equipment that is Design-Builder installed is expected to be completed prior to Substantial Completion unless otherwise noted in the equipment list.

3.8 Wood First

The Design-Builder will comply with the requirements of the *Wood First Act* (British Columbia).

3.9 Apprenticeships and Training

The Design-Builder will be required to comply with the Province of B.C.'s "Apprentices on Public Projects in British Columbia Policy and Procedures Guidelines" (the Apprentices Guidelines) in providing apprenticeships and skills training opportunities. The Apprentices Guidelines address use of registered apprentices and reporting on registered apprentices and trainees.

The Apprentices Guidelines are available at:

https://www2.gov.bc.ca/assets/gov/business/economic-development/assets/apprentices-on-public-projects/policy_and_procedure_guidelines.pdf

4 Nominated Additional Key Individuals

Each Proponent must nominate in writing to the Contact Person the following Additional Key Individuals:

- (a) Mechanical Design Engineer Lead;
- (b) Electrical Design Engineer Lead; and
- (c) Acoustic Lead

For each of the Additional Key Individuals required by this Section 4, the Proponent should provide in writing to the Contact Person the credentials of the Additional Key Individual that include at a minimum, the following information:

- (a) name, professional qualifications/designation(s) and a summary of education;
- (b) relevant experience and capability in relation to the Project; and
- (c) two references (with up-to-date contact details including name, title, role, telephone numbers, email addresses, mailing address and preferred language of correspondence) with knowledge of the Additional Key Individual. At least one of the references should be the current employees of the project owner and ideally should be from a project actively worked on in the last 7 years. Proponents should confirm that each reference contact is aware their name is being included and is willing to provide a reference to the Owner.

The Proponent should provide the nominations of the Additional Key Individuals and all such information by the Submission Time for Additional Key Individuals.

The credentials of the Additional Key Individuals will be reviewed based on the demonstrated strength and relevance of the individuals to undertake their respective roles under the Design-Build Agreement and are subject to the approval of the Owner, acting reasonably.

Each Proponent will provide to the Owner such additional credentials and information as may be requested by the Owner.

The Owner intends to provide each Proponent with a confidential response approving or rejecting the Additional Key Individuals and confirming each Proponent's continued status as Proponent (the Notice of Continued Status) within 5 Business Days of receiving the nominations

for Additional Key Individuals, or such longer period as may be required by the Owner. Receipt of a Notice of Continued Status is a condition of the Proponent's continued status as a Proponent and a Mandatory Requirement. The Owner may discuss the Additional Key Individuals at a Collaborative Meeting and may instruct Proponents to provide additional information on the Additional Key Individuals at a Collaborative Meeting.

Until receipt of the Notice of Continued Status, the Proponent may change the Additional Key Individuals and will provide further credentials and information as may be requested by the Owner.

After receipt of the Notice of Continued Status, any changes to Key Individuals are subject to Section 7.11 of this RFP.

5 Affordability

A key objective of the Competitive Selection Process is to achieve the Project scope while meeting the Project's Design-Build Price Ceiling requirements.

5.1 Design-Build Price Ceiling

The Owner has identified a mandatory price ceiling (the Design-Build Price Ceiling) of \$155.5 million for the Nominal Cost of the Proposal. Project approvals by the Owner have been based on this Design-Build Price Ceiling.

5.2 Nominal Cost Calculation

Each Proponent should calculate the Nominal Cost of the Proposal and should use Form A1 - Breakdown of Contract Price provided by the Owner in the Data Room. The completed Breakdown of Contract Price and the Nominal Cost of the Proposal calculation should be submitted with the Proponent's Proposal. This Nominal Cost of the Proposal will be compared to the Design-Build Price Ceiling for evaluation purposes as described in Appendix A of this RFP.

The Breakdown of Contract Price is available in the Data Room as "Form A1 – Breakdown of Contract Price.xls".

5.3 Scope Ladder

If not all of the elements of the Statement of Requirements are achievable within the Design-Build Price Ceiling, a Proponent may propose to reduce the scope of the Project by one or more of the scope items set out in an approved list (the Scope Ladder). The Scope Ladder includes items in 2 tiers. Proponents proposing reductions to the scope of the Project should limit their proposed reductions to items identified by the Owner in the Scope Ladder, and reductions should only be made in the following order:

- (a) tier 1 changes (items within tier 1 may be used in any order);
- (b) tier 2 changes (items within tier 2 may be used in any order but should only be used if all tier 1 items have been used);

The Scope Ladder is as follows.

TABLE 2 SCOPE LADDER

Item	Summary Description	Changes to Statement of Requirements
Tier 1		
	Reduce the Program Area for the Neighbourhood Learning Centre (NLC)	
(i)	Remove Mission Online program	Program Item 31.00 changes from 180m ² to 0m ²
(ii)	Reduce childcare program area	Program Item 34.00 changes from 240m ² to 120m ²
(iii)	Reduce design space program area	Program Item 35.00 changes from 241m ² to 161m ²
Tier 2		
	Reduce the Sustainability Requirements	
(i)	Replace the 100% Greenhouse Gas (GHG) reduction requirement (compared to code minimums) with a 50% GHG reduction requirement (compared to code minimums).	Schedule 8, Section 2.1.2.1, the GHGI performance target is revised to 5 kg CO ₂ / m ² / y.

6 Proposal Requirements

6.1 Participation Agreement

As a condition of participating in this RFP each Proponent must sign and deliver to the Contact Person a Participation Agreement, substantially in the form attached as Appendix F or otherwise acceptable to the Owner, in its discretion. Proponents will not be permitted to participate in Collaborative Meetings or participate further in the Competitive Selection Process unless and until they have signed and delivered a Participation Agreement as required by this Section.

Proponents are encouraged to submit Enquiries using the Enquiry Form (Appendix J) at an early date to permit consideration by the Owner:

- (a) for Enquiries of a technical nature: prior to 15:00 Pacific Time on the day that is 10 Business Days before the Submission Time for Technical Submissions; and
- (b) for Enquiries of a financial nature: prior to 15:00 Pacific Time on the day that is 10 Business Days before the Submission Time for Financial Submissions.

The Owner may, in its discretion, decide not to respond to any Enquiry.

The following applies to any Enquiry:

- (c) responses to an Enquiry will be in writing;
- (d) all Enquiries, and all responses to Enquiries from the Contact Person, will be recorded by the Owner;
- (e) the Owner is not required to provide a response to any Enquiry;
- (f) a Proponent may request that a response to an Enquiry be kept confidential by clearly marking the Enquiry “Commercial in Confidence” if the Proponent considers that the Enquiry is commercially confidential to the Proponent;

- (g) if the Owner decides that an Enquiry marked “Commercial in Confidence”, or the Owner’s response to such an Enquiry, must be distributed to all Proponents, then the Owner will permit the enquirer to withdraw the Enquiry rather than receive a response and if the Proponent does not withdraw the Enquiry, then the Owner may provide its response to all Proponents;
- (h) notwithstanding Sections 7.5 (f) and (g):
 - (i) if one or more other Proponents submits an Enquiry on the same or similar topic to an Enquiry previously submitted by another Proponent as “Commercial in Confidence”, the Owner may provide a response to such Enquiry to all Proponents; and
 - (ii) if the Owner determines there is any matter which should be brought to the attention of all Proponents, whether or not such matter was the subject of an Enquiry, including an Enquiry marked “Commercial in Confidence”, the Owner may, in its discretion, distribute the Enquiry, response or information with respect to such matter to all Proponents.

Information offered from sources other than the Contact Person with regard to this RFP is not official, may be inaccurate, and should not be relied on in any way, for any purpose.

7.6 Electronic Communication

Proponents should only communicate with the Contact Person by email. Other methods of communication, including telephone, are discouraged. The Contact Person may not respond to any communications other than by email.

The following provisions will apply to any email communications with the Contact Person, or the delivery of documents to the Contact Person by email where such email communications or deliveries are permitted by the terms of this RFP:

- (a) the Owner does not assume any risk or responsibility or liability whatsoever to any Proponent:
 - (i) for ensuring that any electronic email system being operated for the Owner or Infrastructure BC is in good working order, able to receive

transmissions, or not engaged in receiving other transmissions such that a Proponent's transmission cannot be received; or

- (ii) if a permitted email communication or delivery is not received by the Owner or Infrastructure BC, or received in less than its entirety, within any time limit specified by this RFP; and

- (b) all permitted email communications with, or delivery of documents by email to, the Contact Person will be deemed as having been received by the Contact Person on the dates and times indicated on the Contact Person's electronic equipment.

7.7 Addenda

The Owner may, in its discretion through the Contact Person, amend this RFP at any time by issuing a written Addendum. Written Addenda are the only means of amending or clarifying this RFP, and no other form of communication whether written or oral, including written responses to Enquiries as provided by Section 7.5, will be included in, or in any way amend, this RFP. Only the Contact Person is authorized to amend or clarify this RFP by issuing an Addendum. No other employee or agent of the Owner is authorized to amend or clarify this RFP. The Owner will provide a copy of all Addenda to all Proponents.

7.8 Intellectual Property Rights

- (a) Grant of Licence

Subject to Section 7.8 (b), by submitting a Proposal, each Proponent will, and will be deemed to have:

- (i) granted to the Owner a royalty-free licence without restriction to use for this Project any and all of the information, ideas, concepts, products, alternatives, processes, recommendations, suggestions and other intellectual property or trade secrets (collectively the Intellectual Property Rights) contained in the Proponent's Proposal, or that are otherwise disclosed by the Proponent to the Owner; and
- (ii) in favour of the Owner, waived or obtained, a waiver of all moral rights contained in the Proposal.

Proponents will not be responsible or liable for any use by the Owner or any sub-licensee or assignee of the Owner of any Intellectual Property Rights contained in a Proposal.

(b) Exceptions to Licence

The licence granted under Section 7.8 (a) does not extend to Third Party Intellectual Property Rights to non-specialized third-party technology and software that are generally commercially available. By submitting a Proposal, each Proponent represents to the Owner that it owns or has, and will continue to own or have at the Submission Time for Technical Submissions, all necessary rights to all Third Party Intellectual Property Rights contained in its Proposal or otherwise disclosed by the Proponent to the Owner and, subject to the foregoing exceptions, has the right to grant a licence of such Third Party Intellectual Property Rights in accordance with Section 7.8 (a).

7.9 Definitive Record

The electronic conformed version of the document in the custody and control of the Owner prevails.

7.10 Amendments to Proposals

A Proponent may:

- (a) amend any aspect of its Technical Submission by delivering written notice, or written amendments, to the Submission Location prior to the Submission Time for Technical Submissions;
- (b) amend any aspect of its Financial Submission by delivering written notice, or written amendments, to the Submission Location prior to the Submission Time for Financial Submissions; and
- (c) in its Financial Submission, amend its Technical Submission as contemplated in Section 7.1 (b).

A Proponent may not amend any aspect of its Proposal except as set out above.

7.11 Changes to Proponent Teams

If for any reason a Proponent wishes or requires to add, remove or otherwise change a member of its Proponent Team after it was shortlisted by the Owner under the RFQ (or in the case of Additional Key Individuals, if any, after they have been approved by the Owner), or there is a material change in ownership or control (which includes the ability to direct or cause the direction of the management actions or policies of a member) of a member of the Proponent Team, or there is a change to the legal relationship among any or all of the Proponent and its Proponent Team members, then the Proponent must submit a written application to the Owner for approval, including supporting information that may assist the Owner in evaluating the change. The Owner, in its discretion, may grant or refuse an application under this Section, and in exercising its discretion the Owner will consider the objective of achieving a competitive procurement process that is not unfair to the other Proponents. For clarity:

- (a) the Owner may refuse to permit a change to the membership of a Proponent Team if the change would, in the Owner's judgement, result in a weaker team than was originally shortlisted; or
- (b) the Owner may, in the exercise of its discretion, permit any changes to a Proponent Team, including changes as may be requested arising from changes in ownership or control of a Proponent or a Proponent Team member, or changes to the legal relationship among the Proponent and/or Proponent Team members, such as the creation of a new joint venture or other legal entity or relationship in place of the Proponent Team originally shortlisted.

The Owner's approval may include such terms and conditions as the Owner may consider appropriate.

7.12 Validity of Proposals

By submitting a Proposal, each Proponent agrees that:

- (a) its Proposal, including all prices and input costs, will remain fixed and irrevocable from the Submission Time for Financial Submissions until midnight at the end of the 90th day following the Submission Time for Financial Submissions (the Proposal Validity Period); and
- (b) after the expiry of the Proposal Validity Period, all prices and input costs in its Proposal may not be adjusted unless the Proponent provides

notice to the Owner of any proposed adjustment and demonstrates to the satisfaction of the Owner that the Proponent has used its best efforts to continue to maintain the prices and input costs firm and valid, but that despite such best efforts, the specified adjustments to the prices and input costs are required solely as a direct result of one or more events that:

- (i) are external to the Proponent and the Proponent Team members;
- (ii) could not have been prevented by, and are beyond the control of, the Proponent and any of its Proponent Team members; and
- (iii) constitute a material adverse change to the conditions underlying the prices and input costs that are subject to the adjustment.

A Proponent may indicate in its Proposal a Proposal Validity Period that exceeds 90 days.

7.13 Material Change After Submission Time for Financial Submissions

A Proponent will give immediate notice to the Owner of any material change that occurs to a Proponent after the Submission Time for Financial Submissions, including a change to its membership or a change to the Proponent's financial capability.

7.14 Acceptable Equivalents

The Statement of Requirements is intended to generally be performance-based but includes in some instances specific requirements related to design and construction, such as room types and sizes, adjacencies, access requirements, products, materials, equipment, and technical systems (including structural, foundation, mechanical (HVAC), information technology and electrical) that the Owner considers are important to meet the Owner's objectives. However, the Owner wishes to provide some flexibility for Proponents to propose equivalent alternatives that when considered by the Owner, in its discretion, continue to meet the Owner's objectives.

A Proponent may submit an Enquiry marked "Commercial in Confidence – Acceptable Equivalent" that identifies the applicable section(s) in the Statement of Requirements that contain the requirement(s) and the Proponent's proposed equivalent that it considers will be equal to or better than the specified requirement(s) and that will still meet the Owner's objectives, along with supporting materials. The Owner may, in its discretion, request clarification, further information or additional supporting materials for the proposed equivalent.

The Owner may, in its discretion:

- (a) respond to indicate that the proposed equivalent is acceptable;
- (b) respond to indicate that the proposed equivalent is acceptable subject to the Proponent's compliance with any conditions identified by the Owner;
- (c) respond to indicate that the Owner does not consider the proposed equivalent to be acceptable;
- (d) request clarification, further information, or additional material;
- (e) not respond to the Enquiry; or
- (f) provide any other response in accordance with Section 7.5.

The provisions of Section 7.5 relating to "Commercial in Confidence" Enquiries will apply, including with respect to withdrawal of an Enquiry, Enquiries by more than one Proponent on the same or similar topics, or the Owner's determination if there is a matter which should be brought to the attention of all Proponents.

If the Owner responds to a "Commercial in Confidence – Acceptable Equivalent" Enquiry, or responds to any Enquiry that is not "Commercial in Confidence", regarding a proposed equivalent to indicate that the proposed equivalent is acceptable, then a Proponent may make its Technical Submission on the basis of the response, the proposed equivalent will be considered an Acceptable Equivalent and the use of the Acceptable Equivalent will not in and of itself be a failure to meet the requirements set out in Appendix A.

Unless the Owner responds to indicate that a proposed equivalent is acceptable, a Proponent is at risk that the use of a proposed equivalent will not substantially meet the requirements set out in Appendix A and that the Owner may not invite the Proponent to provide a Financial Submission.

The Owner will be under no obligation to provide the indication of acceptability of the proposed equivalent to the Proponent or to any other Proponent.

Despite any indication by the Owner of the acceptability of an equivalent, the Design-Builder remains responsible for fulfilling all of its obligations and responsibilities under the Design-Build Agreement.

Following selection of the Preferred Proponent, the Design-Build Agreement will, in accordance with Section 9.2, be amended to include all Acceptable Equivalents used by that Preferred

Proponent, or negotiated by the Owner and the Preferred Proponent, whether or not proposed by any other Proponent.

8 Evaluation

8.1 Mandatory Requirements

The Owner has determined that the following are the Mandatory Requirements:

- (a) the Proponent must have signed and delivered to the Contact Person the Participation Agreement in accordance with Section 6.1;
- (b) the Proponent must have received a Notice of Continued Status;
- (c) the Technical Submission must be received at the Submission Location before the Submission Time for Technical Submissions and the Financial Submission must be received at the Submission Location before the Submission Time for Financial Submissions;
- (d) the Nominal Cost of the Proposal as at the Submission Time for Financial Submissions must not exceed the Design-Build Price Ceiling; and
- (e) Proponents proposing reductions to the scope of the Statement of Requirements must do so in accordance with Section 5.3.

Subject to the following paragraph, the Owner will reject a Proposal that fails to meet the Mandatory Requirements.

Subject to Section 8.2, the Owner reserves the right to evaluate any Proposal where the Design-Build Price Ceiling requirements have not been met, but will do so only in the event that the Proposals received from all the Proponents do not meet the Design-Build Price Ceiling requirement as per Section 8.1 (d) above.

8.2 Evaluation of Proposals

The Owner will evaluate Proposals in the manner set out in Appendix A. The Owner will not evaluate a Proposal if it has been rejected, or if the applicable Proponent has been disqualified, in accordance with this RFP.

The Owner may, in its discretion, take any one or more of the following steps, at any time and from time to time, in connection with the review and evaluation, including ranking, of any aspect of a Proposal, including if the Owner considers that any Proposal, including the Technical Submission or the Financial Submission, or any part of a Proposal, requires clarification or more

complete information, contains defects, ambiguities, alterations, qualifications, omissions, inaccuracies or misstatements, or does not for any reason whatsoever satisfy the Owner that the Proposal meets any requirements of this RFP at any time, or for any other reason the Owner, in its discretion, deems appropriate and in the interests of the Owner and this RFP, or either of them:

- (a) waive any such defect, ambiguity, alteration, qualification, omission, inaccuracy, misstatement, or failure to satisfy, and any resulting ineligibility on the part of the Proponent, or any member of the Proponent Team;
- (b) independently consider, investigate, research, analyze, request, or verify any information or documentation whether or not contained in any Proposal;
- (c) request interviews or presentations with any, all or none of the Proponents to clarify any questions or considerations based on the information included in Proposals during the evaluation process, with such interviews or presentations conducted at the discretion of the Owner, including the time, location, length and agenda for such interviews or presentations;
- (d) conduct reference checks relevant to the Project with any or all of the references cited in a Proposal and any other persons (including persons other than those listed by Proponents in any part of their Proposals) to verify any and all information regarding a Proponent, inclusive of its directors/officers and Key Individuals, and to conduct any background investigations that it considers necessary in the course of the Competitive Selection Process, and rely on and consider any relevant information from such cited references in the evaluation of Proposals;
- (e) conduct credit, criminal record, litigation, bankruptcy, taxpayer information and other checks;
- (f) not proceed to review and evaluate, or discontinue the evaluation of any Proposals, including any Technical Submission or Financial Submission, and disqualify the Proponent from this RFP; and
- (g) seek clarification or invite more complete, supplementary, replacement or additional information or documentation from any Proponent or in

connection with any Proposal, including with any Technical Submission or Financial Submission or any part of their component packages. Without limiting the foregoing or Appendix A, the Owner may, in its discretion (and without further consultation with the Proponent), reject any Proposal which in the opinion of the Owner: (i) is materially incomplete or irregular; (ii) contains omissions, exceptions or variations (including any modifications, changes or additions to the Final Draft Design-Build Agreement, other than as provided for in Sections 5.3 or 9.2, not acceptable to, or material to, the Owner; (iii) contains any false or misleading statement, claims or information; or (iv) contains any false statements, criminal affiliations or activities by a Proponent or Proponent Team member.

To enable the Owner to take any one or more of the above-listed steps, the Owner may enter into separate and confidential communications of any kind whatsoever, with any person, including any Proponent. The Owner has no obligation whatsoever to take the same steps, or to enter into the same or any communications in respect of all Proponents and Proposals, or in respect of any Proponent, including the Proponent whose Proposal is the subject of the review or evaluation, as the case may be.

The review and evaluation, including the scoring and ranking, of any Proposal may rely on, take into account and include any information and documentation, including any clarification, more complete, supplementary and additional or replacement information or documentation, including information and documentation obtained through any of the above-listed investigations, research, analyses, checks, and verifications.

Proponents may not submit any clarifications, information, or documentation in respect of the Technical Submission after the Submission Time for Technical Submissions and in respect of the Financial Submission after the Submission Time for Financial Submissions, without the prior written approval of the Owner, or without an invitation or request by the Owner.

If any information, including information as to experience or capacity, contained in a Proposal is not verified to the Owner's satisfaction, the Owner may, in its discretion, not consider such cited experience, capacity or other information.

The Owner is not bound by industry custom or practice in taking any of the steps listed above, in exercising any of its discretions, in formulating its opinions and considerations, exercising its discretions in making any decisions and determinations, or in discharging its functions under or

in connection with this RFP, or in connection with any Proponent, Proposal, or any part of any Proposal, including any Technical Submission or Financial Submission.

As part of the evaluation of a Technical Submission, the Owner may identify that the Owner is not satisfied that the Technical Submission meets one or more requirements of the Final Draft Design-Build Agreement. The Owner may, but is not required to, reject that Proposal in accordance with the terms of this RFP. If the Owner does not exercise its discretion to reject the Proposal, the Owner may provide to the Proponent a list of the items that the Owner is not satisfied meet the requirements of the Final Draft Design-Build Agreement. The Proponent will, if selected as Preferred Proponent, be required to comply with the requirements of the Final Draft Design-Build Agreement, including by rectifying any non-compliances (material or otherwise) in its Proposal. By submitting its Financial Submission, a Proponent that has received such a list will be deemed to have agreed to comply with the requirements of the Final Draft Design-Build Agreement, including by rectifying any non-compliances (material or otherwise) in its Proposal.

If the Owner identifies that the Proponent's energy model does not reflect the Technical Submission, or does not meet the requirements of the RFP, including the Final Draft Design-Build Agreement, the Owner may, prior to the Financial Submission, require a Proponent to re-submit the energy model with supporting documentation acceptable to the Owner. The Owner may, in its discretion, exchange written documentation with the Proponent regarding the evaluation of the Proponent's energy model, or may require a meeting with the Proponent. The process will be repeated until the energy model is acceptable to the Owner.

The Owner is not responsible for identifying all areas in which a Technical Submission does not meet the requirements of the Final Draft Design-Build Agreement. Irrespective of whether the Owner has identified or has failed to identify any such areas, a Proponent is not relieved in any way from meeting the requirements of this RFP, and if selected as Preferred Proponent will not be relieved from meeting all requirements of the Final Draft Design-Build Agreement, including by rectifying any non-compliances (material or otherwise) in its Proposal.

The Owner will, subject to the provisions of this RFP, invite each Proponent that has delivered a Technical Submission that has not been rejected to submit a Financial Submission.

9 Selection of Preferred Proponent and Award

9.1 Selection and Award

If the Owner selects a Preferred Proponent, the Proponent with the highest ranked Proposal will be selected as the Preferred Proponent, and the Owner will invite the Preferred Proponent to enter into final discussions to settle all terms of the Design-Build Agreement, based on the Preferred Proponent's Proposal, including any clarifications that the Preferred Proponent may have provided during the evaluation of Proposals.

If for any reason the Owner determines that it is unlikely to reach final agreement with the Preferred Proponent, then the Owner may terminate the discussions with the Preferred Proponent and proceed in any manner that the Owner may decide, in consideration of its own best interests, including:

- (a) terminating the procurement process entirely and proceeding with some or all of the Project in some other manner, including using other contractors; or
- (b) inviting one of the other Proponents to enter into discussions to reach final agreement for completing the Project.

Any final approvals required by the Owner, such as from the **Province of British Columbia**, will be conditions precedent to the final execution or commencement of the Design-Build Agreement.

9.2 Final Draft Design-Build Agreement

It is the intention of the Owner that:

- (a) any issues with respect to the Initial Draft Design-Build Agreement will be discussed during the Collaborative Meetings and fully considered prior to issuance of the Final Draft Design-Build Agreement; and
- (b) once issued, the Final Draft Design-Build Agreement will not be further substantively modified and will be executed by the Preferred Proponent without further substantive amendment, except for changes, modifications, and additions:
 - (i) relating to the determination by the Owner, in its discretion, of which:

- parts, if any, of the Proposal are to be incorporated by reference or otherwise, into the Design-Build Agreement or otherwise pursuant to express provisions of the Design-Build Agreement; or
 - modifications, changes, or additions, if any, requested by a Proponent pursuant to Section 5.3 that are acceptable to the Owner;
- (ii) to those provisions or parts of the Final Draft Design-Build Agreement that are indicated as being subject to completion or finalization, or which the Owner determines in its discretion require completion or finalization, including provisions that require:
- modification or the insertion or addition of information relating to the Design-Builder's formation (e.g., corporate, partnership or trust structure) and funding structure; and
 - modification or the insertion or addition of information in order to reflect accurately the nature of the Design-Builder's relationships with its principal subcontractors (including each of the project contractors);
- (iii) required by the Owner to complete, based on the Proposal, any provision of the Final Draft Design-Build Agreement, including changes, modifications and additions contemplated in or required under the terms of the Final Draft Design-Build Agreement;
- (iv) that are necessary to create or provide for a legally complete, enforceable, and binding agreement;
- (v) that enhance clarity in legal drafting; or
- (vi) that reflect Acceptable Equivalents in accordance with Section 7.14.

The Owner also reserves the right, in its discretion, to negotiate changes to the Final Draft Design-Build Agreement and to the Preferred Proponent's Proposal.

Upon Contract Execution, the Design-Build Agreement, and the instruments and documents to be executed and delivered pursuant to it, supersede (except as expressly incorporated therein) the RFP and the Proposal submitted in respect of the Design-Builder.

9.3 Preferred Proponent Security Deposit

Subject to the terms of this RFP:

- (a) the Owner will invite the Preferred Proponent to deliver the Preferred Proponent Security Deposit on or before the date and time specified by the Owner, such date not to be earlier than 5 Business Days after notification of the appointment of the Preferred Proponent; and
- (b) the Preferred Proponent's eligibility to remain the Preferred Proponent is conditional upon the Preferred Proponent delivering the Preferred Proponent Security Deposit to the Owner on or before the date and time specified by the Owner.
- (c) The amount of the Preferred Proponent Security Deposit is as defined in Section 12.1 Definitions of this RFP.

9.4 Return of Security Deposit

Subject to Section 9.5, the Owner will return the Preferred Proponent Security Deposit to the Preferred Proponent:

- (a) within 10 Business Days after receipt by the Owner of notice of demand from the Preferred Proponent, if:
 - (i) the Owner exercises its right under Section 11.1 to terminate this RFP prior to entering into the Design-Build Agreement for reasons unrelated to the Preferred Proponent or any member of the Preferred Proponent's Team; or
 - (ii) the Owner fails, within the Proposal Validity Period, to execute and deliver an agreement substantially in the form of the Final Draft Design-Build Agreement finalized by the Owner in accordance with Section 9.2, provided that such failure is not the result of:
 - the failure of the Preferred Proponent to satisfy any conditions set out in the Final Draft Design-Build Agreement; or
 - any extensions to the Proposal Validity Period arising from any agreement by the Owner to negotiate changes to the Final Draft Design-Build Agreement pursuant to Section 9.2; or

- (b) within 10 Business Days after Contract Execution with such Preferred Proponent.

9.5 Retention of Security Deposit

Notwithstanding any receipt by the Owner of the notice described in Section 9.4, the Owner may, in its discretion, draw on, retain, and apply the proceeds of the Preferred Proponent Security Deposit for the Owner's own use as liquidated damages, if:

- (a) the Proponent or any Proponent Team member is in material breach of any term of this RFP or the Participation Agreement; or
- (b) after receipt of written notice from the Owner:
 - (i) the Preferred Proponent fails to execute and deliver an agreement substantially in the form of the Final Draft Design-Build Agreement finalized by the Owner in accordance with Section 9.2; or
 - (ii) Contract Execution fails to occur within 30 days (or such longer period as the parties may agree) of receipt of such notice from the Owner,

unless:

- (iii) any such failure was the result of a significant event which could not have been reasonably prevented by, or was beyond the reasonable control of, the Preferred Proponent; and
- (iv) the Preferred Proponent demonstrates to the Owner's satisfaction, acting reasonably, that the occurrence of such significant event would materially frustrate or render it impossible for the Preferred Proponent to perform its obligations under the Design-Build Agreement for a continuous period of 180 days as if the Design-Build Agreement was in force and effect.

9.6 Partial Compensation for Participation in this RFP

Upon execution of the Design-Build Agreement, the Owner will pay \$500,000 (inclusive of any GST payable) to each unsuccessful Proponent that:

- (a) complied with the Mandatory Requirements;

- (b) received an invitation to submit a Financial Submission;
- (c) has not withdrawn from the Competitive Selection Process or been disqualified by the Province in accordance with the terms of this RFP; and
- (d) provides to the Owner written acknowledgment of:
 - (i) the disclaimers, limitations and waivers of liability and claims contained in this RFP, including Section 11.3; and
 - (ii) the grant of Intellectual Property Rights to the Owner and waiver of moral rights pursuant to Section 7.8.

If the Owner exercises its right under Section 11.1 to terminate the RFP process prior to entering into the Design-Build Agreement with a Proponent, the Owner will pay to each Proponent that satisfies the requirements (to the extent applicable) set out in (a) – (d) above, the lesser of:

- (a) \$500,000 (inclusive of any taxes payable); and
- (b) the substantiated out-of-pocket costs reasonably incurred by the Proponent in preparing its Proposal,

provided that if the Owner exercises such rights after the selection of a Preferred Proponent, the Preferred Proponent must have delivered the Preferred Proponent Security Deposit in accordance with Section 9.3 to be entitled to receive any such payment.

In determining whether to make available the partial compensation described in this Section 9.6, the Owner will consider the potential value of obtaining the licence to the Owner of rights to the Intellectual Property Rights and the waiver of moral rights pursuant to Section 7.8. Accordingly, the Owner may, in its discretion, offer to pay up to \$500,000 (inclusive of any taxes payable) to a Proponent that is not otherwise entitled to payment under this Section 9.6 on conditions established by the Owner, in its discretion. The conditions may include the Owner reviewing the Intellectual Property Rights (such as for a Proposal that was returned) and being satisfied with the value of such rights and the Proponent entering into an agreement with the Owner granting licence rights to the Owner. Such offer and resulting arrangements will not be governed by this RFP.

9.7 Debriefs

The Owner will, following Contract Execution, upon request from a Proponent within 60 days of Contract Execution, conduct a debriefing for that Proponent.

10 Conflict of Interest and Relationship Disclosure

10.1 Reservation of Rights to Disqualify

The Owner reserves the right to disqualify any Proponent that in the Owner's opinion has a conflict of interest or an unfair advantage (including access to any confidential information not available to all Proponents), whether real, perceived, existing now or likely to arise in the future, or may permit the Proponent to continue and impose such conditions as the Owner may consider to be in the public interest or otherwise required by the Owner.

10.2 Relationship Disclosure

Each Proponent, including each member of the Proponent Team, should fully disclose all relationships they may have with the Owner, any Restricted Party, or any other person providing advice or services to the Owner with respect to the Project or any other matter that gives rise, or might give rise, to a conflict of interest or an unfair advantage:

- (a) by submission of completed Relationship Disclosure Forms with its Proposal; and
- (b) at any time during the Competitive Selection Process by written notice addressed to the Contact Person promptly after becoming aware of any such relationship.

At the time of such disclosure, the Proponent will include sufficient information and documentation to demonstrate that appropriate measures have been, or will be, implemented to mitigate, minimize, or eliminate the actual, perceived, or potential conflict of interest or unfair advantage, as applicable. The Proponent will provide such additional information and documentation and implement such additional measures as the Owner or the Conflict of Interest Adjudicator (the COI Adjudicator) may require in its discretion in connection with the consideration of the disclosed relationship and proposed measures.

10.3 Use or Inclusion of Restricted Parties

The Owner may, in its discretion, disqualify a Proponent, or may permit a Proponent to continue and impose such conditions as the Owner may consider to be in the public interest or otherwise required by the Owner, if the Proponent is a Restricted Party, or if the Proponent uses a Restricted Party:

- (a) to advise or otherwise assist the Proponent respecting the Proponent's participation in the Competitive Selection Process; or
- (b) as a Proponent Team member or as an employee, advisor or consultant to the Proponent or a Proponent Team member.

Each Proponent is responsible to ensure that neither the Proponent nor any Proponent Team member uses, or seeks advice or assistance from any Restricted Party, or includes any Restricted Party in the Proponent Team.

10.4 Current Restricted Parties

At this RFP stage, and without limiting the definition of Restricted Parties, the Owner has identified the following persons as Restricted Parties, including their former and current employees who fall within the definition of Restricted Party:

- (a) Boughton Law Corporation (COI Adjudicator);
- (b) Jeffrey Hand (Fairness Reviewer);
- (c) Fasken Martineau DuMoulin LLP (Legal Advisor);
- (d) Public Architecture + Design Inc. and their sub-consultants, including:
 - (i) Wicke Herfst Maver Consulting Inc.;
 - (ii) AME Consulting Group Ltd.;
 - (iii) WSP Global Inc.;
 - (iv) ISL Engineering and Land Services Ltd.;
 - (v) EVOKE Buildings Engineering Inc.;
 - (vi) BKL Consultants Ltd; and
 - (vii) Craig Horton Kitchen Solutions.
- (e) SSA Quantity Surveyors Ltd;
- (f) MAKE Projects Ltd; and
- (g) the Owner and Infrastructure BC.

This is not an exhaustive list of Restricted Parties. Additional persons may be added to, or deleted from, the list during any stage of the Competitive Selection Process through an Addendum.

10.5 Conflict of Interest Adjudicator

The Owner has appointed the COI Adjudicator to provide decisions on conflicts of interest, unfair advantage, or exclusivity issues, including whether any person is a Restricted Party. The Owner may, in its discretion, refer matters to the COI Adjudicator.

Boughton Law Corporation is a Restricted Party. By submitting a Response, the Respondent and the Respondent on behalf of each Respondent Team member expressly consents to Boughton Law Corporation continuing to act as COI Adjudicator in relation to this RFP and the Project, despite any information of the Respondent or any Respondent Team member and any solicitor-client relationship that the Respondent may have had, or may have, with Boughton Law Corporation in relation to matters other than this RFP and the Project. This Section is not intended to waive any of the Respondent's rights of confidentiality or solicitor-client privilege. The Owner reserves the right at any time to waive any provision of this Section.

10.6 Request for Advance Decision

A Proponent or a prospective member or advisor of a Proponent who has any concerns regarding whether a current or prospective employee, advisor or member of that Proponent is, or may be, a Restricted Party, or has a concern about any conflict or unfair advantage it may have, is encouraged to request an advance decision by submitting to the Contact Person, not less than 10 Business Days prior to the Submission Time for Technical Submissions, by email, the following information:

- (a) names and contact information of the Proponent and the person for which the advance opinion is requested;
- (b) a description of the relationship that raises the possibility or perception of a conflict of interest or unfair advantage;
- (c) a description of the steps taken to date, and future steps proposed to be taken, to mitigate the conflict of interest or unfair advantage, including the effect of confidential information; and
- (d) copies of any relevant documentation.

The Owner may make an advance decision or may refer the request for an advance decision to the COI Adjudicator. If the Owner refers the request to the COI Adjudicator, the Owner may make its own submission to the COI Adjudicator.

If a Proponent or prospective team member or advisor becomes a Restricted Party, it may be listed in an Addendum or in subsequent Competitive Selection Process documents as a Restricted Party.

10.7 The Owner May Request Advance Decisions

The Owner may also independently make advance decisions or may seek an advance decision from the COI Adjudicator, where the Owner identifies a potential conflict, unfair advantage, or a person who may be a Restricted Party. The Owner will, if it seeks an advance decision from the COI Adjudicator, provide the COI Adjudicator with relevant information in its possession. If the Owner seeks an advance decision from the COI Adjudicator, the Owner will give notice to the Proponent, and may give notice to the possible Restricted Party so that it may make its own response to the COI Adjudicator.

10.10 Exclusivity

Unless permitted by the Owner in its discretion or permitted as a Shared Use Person, each Proponent will ensure that no member of its Proponent Team, or any Affiliated Person of any member of its Proponent Team, participates as a member of any other Proponent Team.

If a Proponent contravenes the foregoing, the Owner reserves the right to disqualify the Proponent or may permit the Proponent to continue and impose such conditions as may be required by the Owner. Each Proponent is responsible, and bears the onus, to ensure that the Proponent, its Proponent Team members, and their respective Affiliated Persons do not contravene the foregoing.

 - (iv) copies of any relevant documentation.
- (b) The Owner may require additional information or documentation to demonstrate to the satisfaction of the Owner in its discretion that no such non-exclusivity exists or, if it does, that measures satisfactory to the Owner in its discretion have been or will be implemented to eliminate or mitigate any risk to the competitiveness or integrity of the Competitive Selection Process.

10.10.1 Exclusivity – the Owner May Request Advance Decisions

The Owner may also independently make advance decisions or may seek an advance decision from the COI Adjudicator, where the Owner identifies a matter related to exclusivity. The Owner will, if it seeks an advance decision from the COI Adjudicator, provide the COI Adjudicator with relevant information in its possession. If the Owner seeks an advance decision from the COI Adjudicator, the Owner will give notice to the Proponent so that it may make its own response to the COI Adjudicator.

The onus is on the Proponent to clear any matter related to exclusivity or to establish any conditions for continued participation, and the Owner may require that the Proponent make an application under Section 10.10.

10.10.2 Exclusivity – Decisions Final and Binding

The decision of the Owner or the COI Adjudicator, as applicable, is final and binding on the persons requesting the ruling and all other parties including Proponents, Proponent Team members and the Owner. The Owner or the COI Adjudicator, as applicable, has discretion to establish the relevant processes from time to time, including any circumstances in which a decision may be amended or supplemented.

The Owner may provide any decision by the Owner or the COI Adjudicator regarding matters related to exclusivity to all Proponents if the Owner, in its discretion, determines that the decision is of general application.

TABLE 3 DESIGN SCORED ELEMENTS SUMMARY

Criteria	Points
Part 1 – Site Design <i>Key Objective: an effective design for the Site that will utilize the Site's natural slopes, incorporate equitable accessible features, include outdoor activity and learning spaces, and consider the flow of traffic for vehicles and pedestrians and parking areas</i>	40 Points
Site Plan 1. Connection with Community - Maximum 6 points <i>Demonstrate the design's strong connection to the community using connection with 7th Ave through siting and / or architectural expression. The location of the "front door" and "back door" should reflect this connection. The school should not feel hidden or tucked away.</i> <i>Design includes demonstrated consideration of easy-to-access parking for the school (or near to the school) for community use programs.</i> 2. Demonstrate alignment with CPTED principles, including sight lines from Administration Offices to the high traffic areas around the Site. – Maximum 2 points <i>Design provides the ability to see high traffic areas (e.g. foyer, cafeteria, NLC) from the Administration Office to mitigate risk of disturbances throughout the site.</i> 3. Design demonstrates ease of expansion (i.e. addition of 150 students) and has flexibility for the school to adapt to future changes. – Maximum 2 points <i>Consider how easily the school can be repurposed to adapt to future teaching needs.</i> <i>Consider how easily the school can be expanded (e.g. main floor) or retrofitted by maintenance staff or capital projects in the future.</i> 4. Demonstrated consideration of maintenance (e.g. landscape) required to care for the site. - Maximum 2 points	12

Criteria	Points
<i>Ensure that mowing machines can access the playing fields. Consider use of artificial turf, xeriscape or zeroscape in areas that are difficult to maintain.</i>	
Sloped Site	
1. Incorporation of equitable accessibility throughout the Site to ensure ease of access for all staff, students, and visitors. - Maximum 5 points <i>Design demonstrates accessible and barrier free access to all program areas on the Site. For example, consider the grade of the pathways that would take people through the site.</i>	8
2. Minimize the use of retaining walls and consider the aesthetic impact of the retaining walls if used. - Maximum 3 points <i>Example: Can be used as additional seating, form smaller gathering spaces</i>	
Traffic Circulation	
1. Efficient, safe, and separate vehicle, including delivery traffic, waste management, bicycle, and pedestrian circulation modes. - Maximum 5 points <i>Site design demonstrates that vehicular circulation (including delivery vehicles) has minimal interference with pedestrians, bicycles, and parking.</i> <i>Drop-off and pick-up are demonstrated to be efficient, safe and sufficient for anticipated volumes.</i> <i>Loading and bicycle storage are provided such that the school's outdoor site utilization is optimized</i>	10
2. On Site and Off-Site design reflects and demonstrates effective, efficient and safe entrance and egress to the school Site for vehicles, bicycles, and pedestrians - Maximum 5 points	

Criteria	Points

The Technical Submission will be scored and awarded points based on the level of achievement of the criteria in Table 3, based on information provided in the Technical Submission as described in Appendix B, Proposal Requirements.

A.2 Financial Submission

Subject to the terms of this RFP including Section 8.1 Mandatory Requirements and Section 8.2 Evaluation of Proposals, the Owner will evaluate each Financial Submission to determine whether the Owner is satisfied that the Financial Submission substantially meets the following requirements:

- (a) in accordance with Section 5.1 of the RFP, the Nominal Cost of the Proposal as at the Submission Time for Financial Submissions must not exceed the Design-Build Price Ceiling;
- (b) each Proponent should indicate whether any Scope Ladder items were used to ensure the Nominal Cost of the Proposal is at or below the Design-Build Price Ceiling. Proponents proposing reductions in the

Statement of Requirements must do so in accordance with Sections 5.3 and 8.2;

- (c) the Proponent has confirmation of a bonding undertaking for a performance bond and a labour and materials payment bond, each in the amount of 50 per cent of the Nominal Cost of the Proposal; and
- (d) the provisions of this RFP, including the requirements set out in:
 - (i) Appendix B of this RFP; and
 - (ii) the Final Draft Design-Build Agreement.

If the Owner is not satisfied that the Financial Submission substantially meets the above requirements, the Owner may reject the Proposal and not evaluate it further.

A.3 Ranking Process

Proposals that have not been rejected will be ranked according to the following process:

STEP 1: HIGHEST ON SCOPE LADDER

Each Proposal will be examined to identify the extent to which, if at all, Scope Ladder items, as described in Section 5.3 of this RFP, have been used to achieve the affordability requirements. The Proposals will then be ranked in accordance with the Proponent's use of Scope Ladder items, with the Proposal using the least Scope Ladder items being ranked the highest, and the Proposal using the most Scope Ladder items being ranked the lowest.

If a Proponent has made use of Scope Ladder items out of the order described in Section 5.3 (i.e., has used an item in a tier before using all of the items in one or more lower numbered tiers), the Proponent will be deemed to be using all Scope Ladder items in the lower numbered tier(s) even if these items are otherwise included in the Proponent's Proposal. For example, if a Proponent has used a Scope Ladder item in tier 2 without using all Scope Ladder items in tier 1, then the Proponent will be deemed to have used all of the tier 1 items. The Proposals will then be ranked based on their use of Scope Ladder items, with the Proposal using (or deemed to be using) the least number of Scope Ladder items ranked the highest, and the Proposal using (or deemed to be using) the most Scope Ladder items ranked the lowest.

If as a result of the foregoing ranking, two or more Proposals are ranked highest, those Proposals (and only those Proposals) will be ranked in accordance with Step 2.

STEP 2: LOWEST NOMINAL COST

The Owner will calculate the Adjusted Nominal Cost of the Proposal by doing the following:

(a) Scored Elements Adjustment

For the purposes of evaluation and ranking only, the Nominal Cost of the Proposal will be adjusted based on:

- (i) calculating the number of points (including partial points) achieved by the Proposal;
- (ii) multiplying that calculated number of points by \$150,000 (the nominal value of a point allocated by the Owner for this purpose); and
- (iii) subtracting the product from the Nominal Cost of the Proposal.

The Proposal which offers the lowest Adjusted Nominal Cost of the Proposal as determined by the Owner will receive the highest ranking and be designated the highest-ranked Proposal.

STEP 3: MOST ADVANTAGEOUS TO THE OWNER

If the Adjusted Nominal Cost of the other Proposal is not more than \$250,000 higher than the Proposal with the lowest Adjusted Nominal Cost of the Proposal, then the Owner will select the Proposal that, in the Owner's discretion, is the most advantageous to the Owner, and such Proposal will be designated as the highest-ranked Proposal. The Owner expects that it will have to conclude that there are compelling advantages as compared to the Proposal with the lowest Adjusted Nominal Cost of the Proposal before a Proposal with a higher Adjusted Nominal Cost of the Proposal will be selected.

Appendix B Proposal Requirements

Provided as a separate document.

Appendix C Proposal Declaration Form

By executing this Proposal Declaration, the Proponent agrees to the provisions of the RFP and this Proposal Declaration. Capitalized terms are defined in Section 12.1 of this RFP.
