

Appendix 1H – Millwork

Millwork requirements are described in this Appendix and the Statement of Requirements, including Functional Program and Room Data Sheets.

Millwork will be funded by a cash allowance as described in Section 46 of the Design-Build Agreement.

Each of the rooms and spaces listed below require millwork; however, the Design-Builder shall be solely responsible to determine the nature and design of all such millwork based on the design, layout and function of the applicable room or space, the requirements in the Statement of Requirements and Good Industry Practice.

This list is not intended to be exhaustive of the millwork requirements for the Facility, but provides only an indication of some of the millwork required to be provided by the Design Builder. Millwork will be finalized as part of the Design development process and the provisions of the Review Procedure apply.

Millwork Schedule

See attached.
