2.2 COLLABORATIVE MEETINGS

The Province will make available certain of its personnel, consultants and advisors (the "**Province Representatives**") to participate in Collaborative Meetings with the Proponents. The Province expects the Collaborative Meetings to take place as follows:

- (a) the purpose of the Collaborative Meetings is to provide a process that will assist the Proponents to develop optimal solutions for the Project while minimizing the risk that a Proponent's solution is unresponsive to the Province's requirements, and in particular:
1. to permit the Proponent's representatives to provide the Province's Representatives with comments and feedback on material issues such as affordability, schedule or provisions of the Initial Draft Project Agreement; and
 2. to permit a Proponent to discuss with the Province potential solutions and approaches that the Proponent may be considering for various aspects of its Proposal;
- (b) in advance of each Collaborative Meeting, and no later than the Submission Time for Collaborative Meeting 1, Submission Time for Collaborative Meeting 2, and Submission Time for Collaborative Meeting 3, each Proponent is strongly encouraged to provide the Province with:
1. a proposed meeting agenda (including any consultants and advisors a Proponent would like in attendance from the Province Representatives); and
 2. a list of prioritized issues the Proponent would like to discuss, and any materials relevant to such issues;
- Material not submitted by the Submission Time for Collaborative Meeting 1, Submission Time for Collaborative Meeting 2, and Submission Time for Collaborative Meeting 3 respectively, may not be reviewed by the Province.
- The Province may provide Proponents with comments on the agenda and a list of any prioritized issues the Province would like to discuss.
- An example of the structure of the Collaborative Meetings, as well as an agenda and suggested submission items are included in Appendix N;
- (c) the Province will determine which Province Representatives will be present at any Collaborative Meeting;
- (d) except as may be expressly stated otherwise in this RFP, including Section 11.5, the Province will retain all information received from a Proponent during a Collaborative Meeting(s) as strictly confidential, and will not disclose such information to the other Proponents or any third party. The Province may disclose such information to its consultants and advisors who are assisting or advising the Province with respect to the Project;
- (e) at each Collaborative Meeting, a Proponent may have such officers, directors, employees, consultants and agents of the Proponent and the Proponent Team members present as the

Proponent considers reasonably necessary for effective communication with the Province and to fulfil the objectives of the Collaborative Meeting provided that the Province may, in its discretion, limit the number of participants at any one meeting. Participation in Collaborative Meetings is in person;

- (f) to facilitate free and open discussion at the Collaborative Meetings, Proponents should note that any comments provided by or on behalf of the Province during any Collaborative Meeting, including in respect of any particular matter raised by a Proponent or which is included in any documents or information provided by a Proponent prior to or during the Collaborative Meeting, and any positive or negative views, encouragement or endorsements expressed by or on behalf of the Province during the Collaborative Meetings to anything said or provided by Proponents, will not in any way bind the Province and will not be deemed or considered to be an indication of a preference by the Province even if adopted by the Proponent;
- (g) if for the purposes of the preparation of its Proposal a Proponent wishes to rely upon anything said or indicated at a Collaborative Meeting, then the Proponent must submit an Enquiry describing the information it would like to have confirmed and request that the Province provide that information to the Proponent in written form and, if such information relates to a clarification, explanation or change to a provision of this RFP or the Project Agreement, request an Addendum to this RFP clarifying and amending the provision in question;
- (h) by participating in the Collaborative Meetings a Proponent confirms its agreement with these procedures and acknowledges that the meetings are an integral part of the procurement process as described in this RFP and are in the interests of all parties;
- (i) the Province anticipates holding three or more Collaborative Meetings with each Proponent prior to the Submission Time for Financial Submissions. Following the release of the RFP, the Province will consult with each Proponent to confirm specific dates for Collaborative Meetings. If the Province considers it desirable or necessary to schedule additional or fewer Collaborative Meetings, the Province may, in its discretion, amend the anticipated schedule;
- (j) for convenience, the Province may, as part of or in conjunction with, a Collaborative Meeting, invite other persons (e.g., City of Abbotsford representatives) to meet with Proponents. Proponents are advised that the confidentiality of the Collaborative Meetings is not expected to apply to such other persons. Further details will be provided before the relevant Collaborative Meeting;
- (k) Proponents may request that the Province schedule additional Collaborative Meetings on specific topics by providing the request in writing to the Contact Person with proposed dates and details of the topic or topics to be discussed; and

- (l) it is expected that Collaborative Meetings will be held in Vancouver, B.C.

2.3 BUSINESS-TO-BUSINESS NETWORKING SESSION

The Province intends to coordinate a session with Proponent Teams and local contractors, suppliers and businesses ("**Business-to-Business Networking Session**") to provide an opportunity for:

- (a) local contractors, suppliers, businesses and potential employees who might be interested in working with, or providing products and services to, the Preferred Proponent to meet the Proponent Teams; and
- (b) Proponent Teams to enhance their knowledge, understanding and awareness of local goods, labour pool and services and to build relationships with local contractors, suppliers and businesses.

2.4 COMMENTS ON THE PROJECT AGREEMENT

Each Proponent should review the Initial Draft Project Agreement for the purpose of identifying any issues or provisions that the Proponent would like to see clarified or amended. Following such review:

- (a) the Province will invite Proponents as part of the Collaborative Meeting process to discuss possible clarifications or amendments to the Initial Draft Project Agreement, including with respect to commercial, legal, design and construction, and facilities management matters;
- (b) each Proponent should, by the Submission Time for Collaborative Meeting 1, Submission Time for Collaborative Meeting 2, and Submission Time for Collaborative Meeting 3, provide the Province with a prioritized list of requested changes, if any, to the Initial Draft Project Agreement using the Proponent Comments Form attached as Appendix E, together with the agenda and issues list described in this Section 2.4; and
- (c) the Province will consider all comments and requested clarifications or amendments received from the Proponents in the Collaborative Meetings and may respond to some or all of the comments received, and will amend the Initial Draft Project Agreement as the Province may determine in its discretion.

Prior to the Submission Time for Technical Submissions, the Province intends to issue by Addendum one or more revised drafts of the Project Agreement, including one that will be identified as the final draft project agreement (the "**Final Draft Project Agreement**"). The Province may further modify the Final Draft Project Agreement by Addendum prior to the Submission Time for Financial Submissions. The Final Draft Project Agreement will be the common basis for the preparation of all Proposals, and Proponents should not in their Proposal make any modifications, changes or additions to the Final Draft Project

Agreement except for modifications, changes or additions to the Performance Specifications as provided for in Section 4.4 or modifications, changes or additions provided for in Section 8.2.

2.5 DATA ROOM

The Province has established a website to be used as an electronic Data Room in which it has placed documents in the possession of the Province that the Province has identified as relevant to the Project, and that may be useful to Proponents. The Province does not make any representation as to the relevance, accuracy or completeness of any of the information available in the Data Room except as the Province may advise in writing with respect to a specific document. The Province will grant Proponents access to the Data Room and will require Proponents to execute an agreement to keep information contained in the Data Room confidential.

The information in the Data Room may be supplemented or updated from time to time. Although the Province will attempt to notify Proponents of all updates, Proponents are solely responsible for ensuring they check the Data Room frequently for updates and to ensure the information used by the Proponents is the most current, updated information.

2.6 INTERIM FINANCIAL REVIEW SUBMISSION

It is in the interests of the Province and all Proponents to identify at an early stage of the procurement process whether the Project, as defined in this RFP, is affordable within the limit set out in Section 3.6.

Accordingly, Proponents and the Province may raise affordability at any Collaborative Meeting and will conduct an interim financial review as follows:

- (a) the purpose of the interim financial review is to give early warning of any difficulty in staying within the Affordability Requirements, and to permit the Province and the Proponents to consider and implement steps so that the Competitive Selection Process can proceed with confidence that Proposals will be within the Affordability Requirements;
- (b) prior to the Submission Time for Interim Financial Review Submissions, each Proponent should submit an Interim Financial Review Submission to the Province, including:
 - 1. its best estimate of the Proposal Total Nominal Cost and Proposal Net Present Cost to the Province using the Affordability Model as described in Section 4.2;
 - 2. a completed draft Affordability Model; and
 - 3. a summary of the proposed Financing Plan containing the high level aspects of information as contemplated in Section 5.4.1 of Appendix B [Proposal Requirements].

- (c) while not prescribing the form of the Interim Financial Review Submission, the Province is expecting it to be no more than 10 pages in length and to include cost and input assumptions in sufficient detail to allow the Province to understand the Proponent's cost base (with at least all major cost headings included) and financing structure;
- (d) the Province will retain each of the Interim Financial Review Submissions as strictly confidential, and will invite each Proponent, as part of the third Collaborative Meeting, to discuss any aspect of its submission, including any recommendations for amendment of the Project requirements if a Proponent determines that the Project as described will exceed the Affordability Requirements; and
- (e) unless expressly referred to or included by reference in its Proposal, a Proponent's Interim Financial Review Submission will not be considered part of its Proposal and the Province will not consider or evaluate it as to adequacy, quality, content or otherwise.

The Province understands that the values indicated in a Proponent's Interim Financial Review Submission are not a commitment and that all aspects could change in the final Proposal.

2.7 PROPONENT'S CONTACT REPRESENTATIVE

The Province intends to communicate solely with the Proponent's Contact Representative, and may disregard communications from other persons on behalf of the Proponent during the Competitive Selection Process.

Although the Province may rely on the Proponent's Contact Representative's authority to bind the Proponent, execution of documents by the Proponent's Contact Representative is not required. The Province may rely on the authority to bind the Proponent by any person or persons representing the Proponent.

3 KEY PROJECT ELEMENTS

The Initial Draft Project Agreement will contain, among other things, the technical requirements and specifications for the Project and commercial terms, including with respect to the design, construction, financing, services, and end-of-term requirements, as well as the allocation of risks between Project Co and CITZ

Any description or overview of the Initial Draft Project Agreement or the Final Draft Project Agreement in this RFP is provided for convenience only and does not replace, supersede, supplement or alter the Initial Draft Project Agreement or the Final Draft Project Agreement. If there are any inconsistencies between the terms of the Final Draft Project Agreement and the description or overview of those terms set out in this RFP or the Initial Draft Project Agreement, the terms of the Final Draft Project Agreement will prevail.

3.1 DESIGN AND CONSTRUCTION

Project Co will be responsible for all aspects of the design and construction of the Facility in accordance with the Project Agreement.

The Province has completed an Indicative Design, which does not fully reflect the design objectives of the Province or requirements described within the Project Agreement, but was used for the preparation of the project budget only. The Indicative Design will be uploaded to the Data Room. Any use by Proponents of any or all aspects of the Indicative Design will be entirely at the Proponent's own risk.

At a high level, Project Co will be responsible for:

- (a) obtaining necessary permits, approvals and authorizations;
- (b) site preparation, including civil works required to accommodate the Project;
- (c) all design and construction obligations according to the requirements outlined in the Project Agreement;
- (d) the connection of utilities and other site services;
- (e) testing and commissioning the Facility; and
- (f) substantial completion of the Facility.

3.2 MUNICIPAL APPROVALS

In accordance with the Project Agreement, Project Co will be responsible for obtaining all permits and approvals required for the design and construction of the Facility, and to ensure that its design for the Facility complies with the applicable zoning and related City of Abbotsford (the "City") requirements.

The Province has initiated preliminary discussions with respect to City requirements for the Project and the Competitive Selection Process as follows:

- (a) building permit process;
- (b) off-site servicing and services relocation;
- (c) City Engineering Department requirements; and
- (d) application review team process (a comprehensive review covering all aspects of the permit application, not limited to form and character).

Pursuant to the Project Agreement, Project Co will have the responsibility to obtain a building permit from the City as required for Project Co's design of the Facility, and to obtain the City's approval for utility connections and other matters. In efforts to expedite the building permit review process, the City will require Project Co to follow a certified professional program.

3.2.1 Communications with the City

The City will meet collectively with all Proponents at the Proponent Kick-Off Meeting on July 19 to describe the permitting process for the Project. Following that, the City and the Province will meet separately and confidentially with individual Proponents. It is expected that all Proponents will attend this general meeting and then each Proponent will have the opportunity to meet separately with City and Province representatives. Proponents may request other meetings with the City prior to the Submission Time for Technical Submissions to allow Proponents to obtain information they may require for the preparation of Proposals. All Proponent meetings with the City will be coordinated through the Contact Person and will include a Province representative.

3.2.2 Site Zoning

The Site is appropriately zoned for the Project as Section 550 – City Centre Commercial Zone (C5) which permits civic use. Further information on zoning, Floor Space Ratio (FSR) and height requirements are available in the Data Room.

3.3 EQUIPMENT

Project Co will be responsible for designing the Facility to accommodate the installation, operation, repair and maintenance of all equipment and furniture required as part of the Facility operations, or for the intended uses of the Facility, in accordance with the Project Agreement. CITZ and Project Co will be responsible to procure and deliver the equipment in accordance with Appendix 2E [Equipment and Furniture] of the Project Agreement.

3.4 SERVICES

Project Co will be responsible for providing the following services over the term of the Project Agreement:

- (a) operations and maintenance services;
- (b) help desk services;
- (c) roads, grounds and landscaping maintenance services;
- (d) cleaning and waste management services;
- (e) utilities management services; and
- (f) lifecycle/capital replacement.

A detailed description of all services can be found in Schedule 4 [Services Protocols and Specifications] of the Initial Draft Project Agreement.

3.5 PERFORMANCE AND PAYMENT MECHANISM

During the Construction Period, CITZ will pay monthly Construction Period Payments to Project Co based on 40 per cent of the Total Capital Costs as established under the Project Agreement, Appendix 8B.

Following Service Commencement, CITZ will pay monthly Service Payments for the Facility (capital, facility maintenance and life cycle) to Project Co commencing on the month when the Facility is available for use by CITZ in accordance with the Schedule 8 [Payments] established under the Project Agreement. Service Payments for the Facility will be subject to Service Failure Deductions and Unavailability Deductions as described in Schedule 8 [Payments].

The Project Agreement will include a performance mechanism which may, subject to and in accordance with its terms, trigger payment deductions to Project Co by CITZ if performance requirements are not met.

A detailed description of the performance mechanism can be found in the Initial Draft Project Agreement, including Schedule 8 [Payments].

3.6 LEED®/ENERGY

Project Co will be required to obtain LEED® Gold Certification for the Facility. The Facility has been registered with the Canada Green Building Council under the LEED® Canada-2009 rating system. Registration under LEED® NC 2009 rating system allows for the use of certain credit targets or thresholds under LEED® NC 2009 or LEED® V4.

In addition, Appendix 8C [Energy Payment] and Appendix 2C [Design and Construction Energy Target] of the Project Agreement will include provision of the following:

- (a) constructing the Facility to not exceed the Design and Construction Energy Target; and
- (b) a requirement for Project Co to validate Energy consumption and make the Utility Payment.

3.7 SECURITY CLEARANCE

Key Individuals are to follow a security clearance process, as outlined in Appendix P [Security Clearance Process].

4 AFFORDABILITY

A key objective of the Competitive Selection Process is to achieve the Project scope while meeting the Project's Affordability Requirements.

4.1 AFFORDABILITY REQUIREMENTS

The Affordability Requirements consist of two requirements to demonstrate the affordability of a Proponent's Proposal. They are:

- (a) a mandatory Affordability Ceiling for the Project of \$142.7 million. The Affordability Ceiling represents the sum of the estimated Proposal Net Present Cost; and
- (b) a mandatory Capital Cost Ceiling for the Project of \$139.5 million. The Capital Cost Ceiling represents a nominal estimate of the Total Capital Costs calculated using Form A4 in Appendix B [Proposal Requirements].

Project approvals by the Province have been based on these Affordability Requirements.

4.2 AFFORDABILITY MODEL

The Province has developed an Affordability Model for the Proponents to use to determine their Proposal Net Present Cost and Proposal Total Capital Cost to test against the Affordability Ceiling and Capital Cost Ceiling respectively.

Proponents are to incorporate the Affordability Model into their Financial Model and ensure that inputs to the Affordability Model are consistent with the outputs from the Financial Model.

The Affordability Model workbook includes instructions on how it is to be populated and run. The Affordability Model is available in the Data Room and is to be completed by linking to the appropriate

outputs from the Proponent's Financial Model. The Province reserves the right to recalculate or make such adjustments to the Affordability Model as may be required by the Province in its analysis.

4.3 LIFE CYCLE COSTS

Each Proponent may propose that the portion of its proposed Service Payments that covers life cycle costs be either uniform or non-uniform. If proposing a non-uniform approach, the proposed life cycle payments schedule should be consistent with the Proponent's life cycle/capital replacement plan as contemplated under the Final Draft Project Agreement.

4.4 SCOPE LADDER

If not all of the elements of the Performance Specifications are achievable within the Affordability Requirements, a Proponent may propose to reduce the scope of the Project by one or more of the scope items set out in an approved list (the "**Scope Ladder**"). The Scope Ladder includes items in four tiers. Proponents proposing reductions to the scope of the Project should limit their proposed reductions to items identified by the Province in the Scope Ladder, and reductions should only be made in the following order:

- (a) tier 1 changes (items within tier 1 may be used in any order);
- (b) tier 2 changes (items within tier 2 may be used in any order but should only be used if all tier 1 items have been used);
- (c) tier 3 changes (items within tier 3 may be used in any order but should only be used if all tier 1 and tier 2 items have been used); and
- (d) tier 4 changes (items within tier 4 may be used in any order but should only be used if all tier 1, tier 2 and tier 3 items have been used).

- The Scope Ladder is as follows:

Information offered from sources other than the Contact Person with regard to this RFP is not official, may be inaccurate, and should not be relied on in any way, for any purpose.

6.7 ELECTRONIC COMMUNICATION

Proponents should only communicate with the Contact Person by email. Other methods of communication, including telephone or fax, are discouraged. The Contact Person will not respond to any communications sent by fax.

The following provisions will apply to any email communications with the Contact Person, or the delivery of documents to the Contact Person by email where such email communications or deliveries are permitted by the terms of this RFP:

- (a) the Province does not assume any risk or responsibility or liability whatsoever to any Proponent:
 - 1. for ensuring that any electronic email system being operated for the Province or Partnerships BC is in good working order, able to receive transmissions, or not engaged in receiving other transmissions such that a Proponent's transmission cannot be received; or

2. if a permitted email communication or delivery is not received by the Province or Partnerships BC, or received in less than its entirety, within any time limit specified by this RFP; and

Only the Contact Person is authorized to amend or clarify this RFP by issuing an Addendum. No other employee or agent of the Province is authorized to amend or clarify this RFP. The Province will provide a copy of all Addenda to all Proponents.

6.9 INTELLECTUAL PROPERTY RIGHTS

(a) Grant of Licence

Subject to Section 6.9 (b), by submitting a Proposal, each Proponent will, and will be deemed to have:

1. granted to the Province a royalty-free licence without restriction to use for this Project any and all of the information, ideas, concepts, products, alternatives, processes, recommendations, suggestions and other intellectual property or trade secrets (collectively the "**Intellectual Property Rights**") contained in the Proponent's Proposal, or that are otherwise disclosed by the Proponent to the Province; and
2. in favour of the Province, waived or obtained, a waiver of all moral rights contained in the Proposal.

Proponents will not be responsible or liable for any use by the Province or any sub-licensee or assignee of the Province of any Intellectual Property Rights contained in a Proposal.

(b) Exceptions to Licence

The licence granted under Section 6.9 (a) does not extend to Third Party Intellectual Property Rights to non-specialized third-party technology and software that are generally commercially available. By submitting a Proposal, each Proponent represents to the Province that it owns or has, and will continue to own or have at the Submission Time for Technical Submissions, all

necessary rights to all Third Party Intellectual Property Rights contained in its Proposal or otherwise disclosed by the Proponent to the Province and, subject to the foregoing exceptions, has the right to grant a licence of such Third Party Intellectual Property Rights in accordance with Section 6.9 (a).

6.10 DEFINITIVE RECORD

The electronic conformed version of the RFP document in the custody and control of the Province prevails.

6.11 AMENDMENTS TO PROPOSALS

A Proponent may:

- (a) amend any aspect of its Technical Submission by delivering written notice, or written amendments, to the Submission Location prior to the Submission Time for Technical Submissions;
- (b) amend any aspect of its Financial Submission by delivering written notice, or written amendments, to the Submission Location prior to the Submission Time for Financial Submissions; and
- (c) in its Financial Submission, amend its Technical Submission as contemplated in Section 6.1 (c).

A Proponent may not amend any aspect of its Proposal except as set out above.

6.12 CHANGES TO PROPONENT TEAMS

If for any reason a Proponent wishes or requires to add, remove or otherwise change a member of its Proponent Team after it was shortlisted by the Province under the RFQ, or there is a material change in ownership or control (which includes the ability to direct or cause the direction of the management actions or policies of a member) of a member of the Proponent Team, or there is a change to the legal relationship among any or all of the Proponent and its Proponent Team members, then the Proponent must submit a written application to the Province for approval, including supporting information that may assist the Province in evaluating the change. The Province, in its discretion, may grant or refuse an application under this Section, and in exercising its discretion the Province will consider the objective of achieving a competitive procurement process that is not unfair to the other Proponents. For clarity:

- (a) the Province may refuse to permit a change to the membership of a Proponent Team if the change would, in the Province's judgment, result in a weaker team than was originally shortlisted;
- or

- (b) the Province may, in the exercise of its discretion, permit any changes to a Proponent Team, including changes as may be requested arising from changes in ownership or control of a Proponent or a Proponent Team member, or changes to the legal relationship among the Proponent and/or Proponent Team members, such as the creation of a new joint venture or other legal entity or relationship in place of the Proponent Team originally shortlisted.

The Province's approval may include such terms and conditions as the Province may consider appropriate.

6.13 VALIDITY OF PROPOSALS

By submitting a Proposal, each Proponent agrees that:

- (a) its Proposal, including all prices and input costs (with the exception of permitted adjustments to interest rates and credit margins in accordance with the terms of this RFP), will remain fixed and irrevocable from the Submission Time for Financial Submissions until midnight at the end of the 150th day following the Submission Time for Financial Submissions (the **"Proposal Validity Period"**); and
- (b) after the expiry of the Proposal Validity Period, all prices and input costs (except senior debt margins) in its Proposal may not be adjusted unless the Proponent provides notice to the Province of any proposed adjustment and demonstrates to the satisfaction of the Province that the Proponent has used its best efforts to continue to maintain the prices and input costs firm and valid, but that despite such best efforts, the specified adjustments to the prices and input costs are required solely as a direct result of one or more events that:
 - 1. are external to the Proponent and the Proponent Team members;
 - 2. could not have been prevented by, and are beyond the control of, the Proponent and any of its Proponent Team members; and
 - 3. constitute a material adverse change to the conditions underlying the prices and input costs that are subject to the adjustment.

A Proponent may indicate in its Proposal a Proposal Validity Period that exceeds 150 days.

6.14 MATERIAL CHANGE AFTER SUBMISSION TIME FOR FINANCIAL SUBMISSIONS

A Proponent will give immediate notice to the Province of any material change that occurs to a Proponent after the Submission Time for Financial Submissions, including a change to its membership or a change to the Proponent's financial capability.

6.15 ACCEPTABLE EQUIVALENTS

The Performance Specifications are intended to generally be performance-based, but include in some instances specific requirements related to Design and Construction, such as room types and sizes, adjacencies, access requirements, materials, equipment and technical systems (including audio visual, communications, IMIT and security) that the Province considers are important to meet the Province's objectives. However, the Province wishes to provide some flexibility for Proponents to propose equivalent alternatives that when considered by the Province in its discretion, continue to meet the Province's objectives ("**Acceptable Equivalents**").

A Proponent may submit an Enquiry marked "Commercial in Confidence – Acceptable Equivalents" that identifies the applicable section(s) in the Performance Specifications that contain the requirement(s) and the Proponent's proposed equivalent that it considers will be equal to or better than the specified requirement(s) and that will still meet the Province's objectives, along with supporting materials. The Province may, in its discretion, request clarification, further information or additional supporting materials for the proposed equivalent.

The Province may, in its discretion:

- (a) respond to indicate that the proposed equivalent is acceptable;
- (b) respond to indicate that the proposed equivalent is acceptable subject to the Proponents' compliance with any conditions identified by the Province;
- (c) respond to indicate that the Province does not consider the proposed equivalent to be acceptable;
- (d) request clarification, further information or additional material;
- (e) not respond to the Enquiry; or
- (f) provide any other response in accordance with Section 6.6.

The provisions of Section 6.6 relating to "Commercial in Confidence" Enquiries will apply, including with respect to withdrawal of an Enquiry, Enquiries by more than one Proponent on the same or similar topics, or the Province's determination if there is a matter which should be brought to the attention of all Proponents.

If the Province responds to a "Commercial in Confidence" Enquiry, or responds to any Enquiry that is not "Commercial in Confidence", regarding a proposed equivalent to indicate that the proposed equivalent is acceptable, a Proponent may make its Technical Submission on the basis of the response, and the use of

the Acceptable Equivalent will not in and of itself be a failure to meet the requirements set out in Appendix A [Evaluation of Proposals].

Unless the Province responds to indicate that a proposed equivalent is acceptable, a Proponent is at risk that the use of a proposed equivalent will not substantially meet the requirements set out in Appendix A [Evaluation of Proposals] and that the Province may not invite the Proponent to provide a Financial Submission.

The Province will be under no obligation to provide the indication of acceptability of the proposed equivalent to the Proponent or to any other Proponent.

Despite any indication by the Province of the acceptability of an equivalent, Project Co remains responsible for fulfilling all of its obligations and responsibilities under the Project Agreement.

Following selection of the Preferred Proponent, the Project Agreement will, in accordance with Section 8.2, be amended to include all Acceptable Equivalent(s) used by that Preferred Proponent, or negotiated by the Province and the Preferred Proponent, whether or not proposed by any other Proponent.

7 EVALUATION

7.1 MANDATORY REQUIREMENTS

The Province has determined that the following are the Mandatory Requirements:

- (a) the Proponent and each of its Equity Providers must have signed and delivered to the Contact Person the Participation Agreement in accordance with Section 5.1;
- (b) the Technical Submission must be received at the Submission Location before the Submission Time for Technical Submissions and, the Financial Submission must be received at the Submission Location before the Submission Time for Financial Submissions;
- (c) the Proposal Net Present Cost as at the Submission Time for Financial Submissions must not exceed the Affordability Ceiling;
- (d) the Proposal Total Capital Cost as at the Submission Time for Financial Submissions must not exceed the Capital Cost Ceiling; and
- (e) Proponents proposing reductions to the scope of the Performance Specifications must do so in accordance with Section 4.4.

Subject to Section 7.2, the Province reserves the right to evaluate any Proposal where the Scope Ladder has been exhausted and the Affordability Requirements have not been met, but will do so only in the event that the Proposals received from all the Proponents do not meet the Affordability Requirements as per Sections 7.1 (c) and (d) above.

7.2 EVALUATION OF PROPOSALS

The Province will evaluate Proposals in the manner set out in Appendix A [Evaluation of Proposals]. The Province will not evaluate a Proposal if it has been rejected, or if the applicable Proponent has been disqualified, in accordance with this RFP.

The Province may, in its discretion, take any one or more of the following steps, at any time and from time to time, in connection with the review and evaluation, including ranking, of any aspect of a Proposal, including if the Province considers that any Proposal, including the Technical Submission or the Financial Submission, or any part of a Proposal, requires clarification or more complete information, contains defects, ambiguities, alterations, qualifications, omissions, inaccuracies or misstatements, or does not for any reason whatsoever satisfy the Province that the Proposal meets any requirements of this RFP at any time, or for any other reason the Province in its discretion deems appropriate and in the interests of the Province and this RFP, or either of them:

- (a) waive any such defect, ambiguity, alteration, qualification, omission, inaccuracy, misstatement or failure to satisfy, and any resulting ineligibility on the part of the Proponent, or any member of the Proponent Team;
- (b) independently consider, investigate, research, analyze, request or verify any information or documentation whether or not contained in any Proposal;
- (c) request interviews or presentations with any, all or none of the Proponents to clarify any questions or considerations based on the information included in Proposals during the evaluation process, with such interviews or presentations conducted in the discretion of the Province, including the time, location, length and agenda for such interviews or presentations;
- (d) conduct reference checks relevant to the Project with any or all of the references cited in a Proposal and any other persons (including persons other than those listed by Proponents in any part of their Proposals) to verify any and all information regarding a Proponent, inclusive of its directors/officers and Key Individuals, and to conduct any background investigations that it considers necessary in the course of the Competitive Selection Process, and rely on and consider any relevant information from such cited references in the evaluation of Proposals;
- (e) conduct credit, criminal record, litigation, bankruptcy, taxpayer information and other checks;
- (f) not proceed to review and evaluate, or discontinue the evaluation of any Proposals, including any Technical Submission or Financial Submission, and disqualify the Proponent from this RFP; and
- (g) seek clarification or invite more complete, supplementary, replacement or additional information or documentation from any Proponent or in connection with any Proposal, including with any Technical Submission or Financial Submission or any part of their component packages.

Without limiting the foregoing or Appendix A [Evaluation of Proposals], the Province may, in its discretion (and without further consultation with the Proponent), reject any Proposal which in the opinion of the Province: (i) is materially incomplete or irregular, (ii) contains omissions, exceptions or variations (including any modifications, changes or additions to the Final Draft Project Agreement, other than as provided for in Sections 4.4 or 8.2) not acceptable to, or material to, the Province, (iii) contains any false or misleading statement, claims or information, or (iv) contains any false statements, criminal affiliations or activities by a Proponent or Proponent Team member.

To enable the Province to take any one or more of the above-listed steps, the Province may enter into separate and confidential communications of any kind whatsoever, with any person, including any Proponent. The Province has no obligation whatsoever to take the same steps, or to enter into the same or any communications in respect of all Proponents and Proposals, or in respect of any Proponent, including the Proponent whose Proposal is the subject of the review or evaluation, as the case may be.

The review and evaluation, including the scoring and ranking, of any Proposal may rely on, take into account and include any information and documentation, including any clarification, more complete, supplementary and additional or replacement information or documentation, including information and documentation obtained through any of the above-listed investigations, research, analyses, checks, and verifications.

Proponents may not submit any clarifications, information or documentation in respect of the Technical Submission after the Submission Time for Technical Submissions and in respect of the Financial Submission after the Submission Time for Financial Submissions, without the prior written approval of the Province or without an invitation or request by the Province.

If any information, including information as to experience or capacity, contained in a Proposal is not verified to the Province's satisfaction, the Province may, in its discretion, not consider such cited experience, capacity or other information.

The Province is not bound by industry custom or practice in taking any of the steps listed above, in exercising any of its discretions, in formulating its opinions and considerations, exercising its discretions in making any decisions and determinations, or in discharging its functions under or in connection with this RFP, or in connection with any Proponent, Proposal, or any part of any Proposal, including any Technical Submission or Financial Submission.

As part of the evaluation of a Technical Submission, the Province may identify that the Province is not satisfied that the Technical Submission meets one or more requirements of the Final Draft Project Agreement. The Province may, but is not required to, reject that Proposal in accordance with the terms of this RFP. If the Province does not exercise its discretion to reject the Proposal, the Province may provide to the Proponent a list of the items that the Province is not satisfied meet the requirements of the Final Draft Project Agreement. The Proponent will, if selected as Preferred Proponent, be required to comply with the requirements of the Final Draft Project Agreement, including by rectifying any non-compliances (material or otherwise) in its Proposal. By submitting its Financial Submission, a Proponent that has received such a list will be deemed to have agreed to comply with the requirements of the Final Draft Project Agreement, including by rectifying any non-compliances (material or otherwise) in its Proposal.

The Province is not responsible for identifying all areas in which a Technical Submission does not meet the requirements of the Final Draft Project Agreement. Irrespective of whether the Province has identified or has failed to identify any such areas, a Proponent is not relieved in any way from meeting the requirements of this RFP, and if selected as Preferred Proponent will not be relieved from meeting all requirements of the Final Draft Project Agreement, including by rectifying any non-compliances (material or otherwise) in its Proposal.

If the Province identifies that the Proponent's energy model containing the Proponent's Design and Construction Energy Target as described in Appendix 2C [Design and Construction Energy Target] of the Final Draft Project Agreement, does not reflect the Technical Submission, or substantially satisfy the requirements of the Final Draft Project Agreement, the Province may, prior to the Financial Submission, require a Proponent to re-submit the energy model containing the Proponent's Design and Construction Energy Target, with supporting documentation, acceptable to the Province. The Province may, in its discretion, exchange written documentation with the Proponent regarding the evaluation of the energy model containing the Proponent's Design and Construction Energy Target, or may require a meeting with the Proponent. The process will be repeated until the energy model containing the Proponent's Design and Construction Target is acceptable to the Province.

The Province will, subject to the provisions of this RFP, invite each Proponent that has delivered a Technical Submission that has not been rejected to submit a Financial Submission.

8 SELECTION OF PREFERRED PROPONENT AND AWARD

8.1 SELECTION AND AWARD

If the Province selects a Preferred Proponent, the Proponent with the highest ranked Proposal will be selected as the Preferred Proponent, and the Province will invite the Preferred Proponent to enter into final discussions to settle all terms of the Project Agreement, based on the Preferred Proponent's Proposal, including any clarifications that the Preferred Proponent may have provided during the evaluation of Proposals.

If for any reason the Province determines that it is unlikely to reach final agreement with the Preferred Proponent, then the Province may terminate the discussions with the Preferred Proponent and proceed in any manner that the Province may decide, in consideration of its own best interests, including:

- (a) terminating the procurement process entirely and proceeding with some or all of the Project in some other manner, including using other contractors; or
- (b) inviting one of the other Proponents to enter into discussions to reach final agreement for completing the Project.

Any final approvals required by the Province, will be conditions precedent to the final execution or commencement of the Project Agreement.

8.2 FINAL DRAFT PROJECT AGREEMENT

It is the intention of the Province that:

- (a) any issues with respect to the Initial Draft Project Agreement will be discussed during the Collaborative Meetings and fully considered prior to issuance of the Final Draft Project Agreement; and
- (b) once issued, the Final Draft Project Agreement will not be further substantively modified and will be executed by the Preferred Proponent without further substantive amendment, except for changes, modifications and additions:
 - 1. relating to the determination by the Province, in its discretion, of which:
 - i. parts, if any, of the Proposal are to be incorporated by reference or otherwise, into the Project Agreement or otherwise pursuant to express provisions of the Project Agreement; or

- ii. modifications, changes or additions, if any, requested by a Proponent pursuant to Section 4.4 that are acceptable to the Province;
- 2. to those provisions or parts of the Final Draft Project Agreement that are indicated as being subject to completion or finalization, or which the Province determines in its discretion require completion or finalization, including provisions that require:
 - i. modification or the insertion or addition of information relating to the Project Co's formation (e.g., corporate, partnership or trust structure) and funding structure; and
 - ii. modification or the insertion or addition of information in order to reflect accurately the nature of the Project Co's relationships with its principal subcontractors (including each of the project contractors) and lenders;
- 3. required by the Province to complete, based on the Proposal, any provision of the Final Draft Project Agreement, including changes, modifications and additions contemplated in or required under the terms of the Final Draft Project Agreement;
- 4. that are necessary to create or provide for a legally complete, enforceable and binding agreement;
- 5. that enhance clarity in legal drafting;
- 6. that reflect Acceptable Equivalents in accordance with Section 6.15; or
- 7. that may be required as a consequence of Changed Funding Arrangements.

The Province also reserves the right in its discretion to negotiate changes to the Final Draft Project Agreement and to the Preferred Proponent's Proposal.

Upon Financial Close, the Project Agreement, and the instruments and documents to be executed and delivered pursuant to it, supersede (except as expressly incorporated therein) the RFP and the Proposal submitted in respect of Project Co.

8.3 PREFERRED PROPONENT SECURITY DEPOSIT

Subject to the terms of this RFP:

- (a) the Province will invite the Preferred Proponent to deliver the Preferred Proponent Security Deposit on or before the date and time specified by the Province, such date not to be earlier than 5 Business Days after notification of the appointment of the Preferred Proponent; and

- (b) the Preferred Proponent's eligibility to remain the Preferred Proponent is conditional upon the Preferred Proponent delivering the Preferred Proponent Security Deposit to the Province on or before the date and time specified by the Province.

8.4 RETURN OF SECURITY DEPOSIT

Subject to Section 8.5, the Province will return the Preferred Proponent Security Deposit to the Preferred Proponent:

- (a) within 10 Business Days after receipt by the Province of notice of demand from the Preferred Proponent, if:
 - 1. the Province exercises its right under Section 10.1 to terminate this RFP prior to entering into the Project Agreement for reasons unrelated to the Preferred Proponent or any member of the Preferred Proponent's Proponent Team; or
 - 2. the Province fails, within the Proposal Validity Period, to execute and deliver an agreement substantially in the form of the Final Draft Project Agreement finalized by the Province in accordance with Section 8.2, provided that such failure is not the result of:
 - i. the failure of the Preferred Proponent to satisfy any conditions set out in the Final Draft Project Agreement; or
 - ii. any extensions to the Proposal Validity Period arising from any agreement by the Province to negotiate changes to the Final Draft Project Agreement pursuant to Section 8.2; or
- (b) within 10 Business Days after Financial Close with such Preferred Proponent.

8.5 RETENTION OF SECURITY DEPOSIT

Notwithstanding any receipt by the Province of the notice described in Section 8.4, the Province may, in its discretion, draw on, retain and apply the proceeds of the Preferred Proponent Security Deposit for the Province's own use as liquidated damages, if:

- (c) the Proponent or any Proponent Team member is in material breach of any term of this RFP or the Participation Agreement; or
- (d) after receipt of written notice from the Province:
 - 1. the Preferred Proponent fails to execute and deliver an agreement substantially in the form of the Final Draft Project Agreement finalized by the Province in accordance with Section 8.2; or

2. Financial Close fails to occur within 30 days (or such longer period as the parties may agree) of receipt of such notice from the Province,

unless:

3. any such failure was the result of a significant event which could not have been reasonably prevented by, or was beyond the reasonable control of, the Preferred Proponent; and
4. the Preferred Proponent demonstrates to the Province's satisfaction, acting reasonably, that the occurrence of such significant event would materially frustrate or render it impossible for the Preferred Proponent to perform its obligations under the Project Agreement for a continuous period of 180 days as if the Project Agreement was in force and effect.

8.6 COMMUNICATION REGARDING PROGRESS TO FINANCIAL CLOSE

Between selection as Preferred Proponent and Financial Close, the Preferred Proponent must communicate regularly with the Province with respect to progress towards Financial Close and also keep the Province fully apprised on any credit market issues or other circumstances that could lead to material changes in Base Rates and Credit Spreads.

8.7 CHANGED FUNDING ARRANGEMENTS

Without limiting the Province's rights under this RFP, if at any time after selection of the Preferred Proponent the Proposal Net Present Cost exceeds the Affordability Ceiling, the Province may request the Preferred Proponent to seek alternative funding arrangements, subject to the review and approval of the Province; or the Province may obtain additional or other funding; or the Province and the Preferred Proponent may together seek any alternative funding arrangements (collectively, the "**Changed Funding Arrangements**"), and the parties may negotiate the Changed Funding Arrangements and any related matter.

8.8 SPREAD DECREASE ON CREDIT SPREAD HOLD FACILITIES

With respect to Credit Spread Hold Facilities, if the Preferred Proponent or any affiliate (the "**Affiliated Persons**") of the Preferred Proponent is able to secure financing for the Project on terms more favourable than the terms submitted at the Submission Time for Financial Submissions, the resulting gain will accrue 50 per cent to the Preferred Proponent and 50 per cent to the Province. The mechanism and process to be used to calculate and apportion such gain will be substantially similar to that used to calculate a Refinancing Gain under the Project Agreement.

8.9 PARTIAL COMPENSATION FOR PARTICIPATION IN THIS RFP

Upon execution of the Project Agreement, the Province will pay \$300,000 (inclusive of any taxes payable) to each unsuccessful Proponent that:

- (a) complied with the Mandatory Requirements;
- (b) received an invitation to submit a Financial Submission;
- (c) has not withdrawn from the Competitive Selection Process or been disqualified by the Province in accordance with the terms of this RFP; and
- (d) provides to the Province written acknowledgment of:
 - 1. the disclaimers, limitations and waivers of liability and claims contained in this RFP, including Section 10.13; and
 - 2. the grant of Intellectual Property Rights to the Province and waiver of moral rights pursuant to Section 6.9.

If the Province exercises its right under Section 10.1 to terminate the RFP process prior to entering into the Project Agreement with a Proponent, the Province will pay to each Proponent that satisfies the requirements (to the extent applicable) set out in (a) – (d) above, the lesser of:

- (a) \$300,000 (inclusive of any taxes payable); and
- (b) the substantiated out-of-pocket costs reasonably incurred by the Proponent in preparing its Proposal,

provided that if the Province exercises such rights after the selection of a Preferred Proponent, the Preferred Proponent must have delivered the Preferred Proponent Security Deposit in accordance with Section 8.3 to be entitled to receive any such payment.

In determining whether to make available the partial compensation described in this Section 8.9, the Province considered the potential value of obtaining the license to the Province of rights to the Intellectual Property Rights and the waiver of moral rights pursuant to Section 6.9. Accordingly, the Province may in its discretion offer to pay up to \$300,000 (inclusive of any taxes payable) to a Proponent that is not otherwise entitled to payment under this Section 8.9 on conditions established by the Province in its discretion. The conditions may include the Province reviewing the Intellectual Property Rights (such as for a Proposal that was rejected) and being satisfied with the value of such rights and the Proponent entering into an agreement with the Province granting licence rights to the Province. Such offer and resulting arrangements will not be governed by this RFP.

8.10 DEBRIEFS

The Province will, following Financial Close, upon request from a Proponent within 60 days of Financial Close, conduct a debriefing for that Proponent.

9 CONFLICT OF INTEREST AND RELATIONSHIP DISCLOSURE

9.1 RESERVATION OF RIGHTS TO DISQUALIFY

The Province reserves the right to disqualify any Proponent that in the Province's opinion has a conflict of interest or an unfair advantage (including access to any confidential information not available to all Proponents), whether real, perceived, existing now or likely to arise in the future, or may permit the Proponent to continue and impose such conditions as the Province may consider to be in the public interest or otherwise required by the Province.

9.2 RELATIONSHIP DISCLOSURE

Each Proponent, including each member of the Proponent Team, should fully disclose all relationships they may have with the Province, any Restricted Party, or any other person providing advice or services to the Province with respect to the Project or any other matter that gives rise, or might give rise, to a conflict of interest or an unfair advantage:

- (a) by submission of completed Relationship Disclosure Forms with its Proposal; and
- (b) at any time during the Competitive Selection Process by written notice addressed to the Contact Person promptly after becoming aware of any such relationship.

At the time of such disclosure, the Proponent will include sufficient information and documentation to demonstrate that appropriate measures have been, or will be, implemented to mitigate, minimize or eliminate the actual, perceived or potential conflict of interest or unfair advantage, as applicable. The Proponent will provide such additional information and documentation and implement such additional measures as the Province or the Conflict of Interest Adjudicator (the "COI Adjudicator") may require in its discretion in connection with the consideration of the disclosed relationship and proposed measures.

9.3 USE OR INCLUSION OF RESTRICTED PARTIES

The Province may, in its discretion, disqualify a Proponent, or may permit a Proponent to continue and impose such conditions as the Province may consider to be in the public interest or otherwise required by the Province, if the Proponent is a Restricted Party, or if the Proponent uses a Restricted Party:

- (a) to advise or otherwise assist the Proponent respecting the Proponent's participation in the Competitive Selection Process; or
- (b) as a Proponent Team member or as an employee, advisor or consultant to the Proponent or a Proponent Team member.

Each Proponent is responsible to ensure that neither the Proponent nor any Proponent Team member uses or seeks advice or assistance from any Restricted Party, or includes any Restricted Party in the Proponent Team.

9.4 CURRENT RESTRICTED PARTIES

At this RFP stage, and without limiting the definition of Restricted Parties, the Province has identified the following persons as Restricted Parties:

- Boughton Law Corporation;
- Deloitte LLP and their sub-consultants;
- DLA Piper (Canada) LLP;
- HDR | CEI Architecture Associates Inc. and their sub-consultants, including:
 - AES Engineering Ltd.;
 - AME Consulting Group;
 - Bogdonov Pao Associates Ltd.;
 - Connect Landscape Architecture;
 - Kerr Wood Leidal Associates Ltd.; and
 - RWDI Consulting Engineers.
- Jane Shackell, QC – Miller Thomson LLP;
- Pacific Meridian
- SSA Quantity Surveyors Ltd.;
- Tedd Howard, Chief Project Officer;
- Willowtree Consulting Inc.; and
- The Province and Partnerships BC, including their former and current employees who fall within the definition of Restricted Party.

This is not an exhaustive list of Restricted Parties. Additional persons may be added to, or deleted from, the list during any stage of the Competitive Selection Process through an Addendum.

9.5 CONFLICT OF INTEREST ADJUDICATOR

The Province has appointed a COI Adjudicator to provide decisions on conflicts of interest, unfair advantage or exclusivity issues, including whether any person is a Restricted Party. The Province may, at its discretion, refer matters to the COI Adjudicator.

9.6 REQUEST FOR ADVANCE DECISION

A Proponent or a prospective member or advisor of a Proponent who has any concerns regarding whether a current or prospective employee, advisor or member of that Proponent is, or may be, a Restricted Party, or has a concern about any conflict or unfair advantage it may have, is encouraged to request an advance decision by submitting to the Contact Person, not less than 10 Business Days prior to the Submission Time for Technical Submissions, by email, the following information:

- (a) names and contact information of the Proponent and the person for which the advance opinion is requested;
- (b) a description of the relationship that raises the possibility or perception of a conflict of interest or unfair advantage;
- (c) a description of the steps taken to date, and future steps proposed to be taken, to mitigate the conflict of interest or unfair advantage, including the effect of confidential information; and
- (d) copies of any relevant documentation.

The Province may make an advance decision or may refer the request for an advance decision to the COI Adjudicator. If the Province refers the request to the COI Adjudicator, the Province may make its own submission to the COI Adjudicator.

If a Proponent or prospective team member or advisor becomes a Restricted Party, it may be listed in an Addendum or in subsequent Competitive Selection Process documents as a Restricted Party.

9.7 THE PROVINCE MAY REQUEST ADVANCE DECISIONS

The Province may also independently make advance decisions, or may seek an advance decision from the COI Adjudicator, where the Province identifies a potential conflict, unfair advantage, or a person who may be a Restricted Party. The Province will, if it seeks an advance decision from the COI Adjudicator, provide the COI Adjudicator with relevant information in its possession. If the Province seeks an advance decision from the COI Adjudicator, the Province will give notice to the Proponent, and may give notice to the possible Restricted Party so that it may make its own response to the COI Adjudicator.

The onus is on the Proponent to clear any potential conflict, unfair advantage, or Restricted Party, or to establish any conditions for continued participation, and the Province may require that the Proponent make an application under Section 9.6.

9.8 DECISIONS FINAL AND BINDING

The decision of the Province or the COI Adjudicator, as applicable, is final and binding on the persons requesting the ruling and all other parties including Proponents, Proponent Team members and the Province. The Province or the COI Adjudicator, as applicable, has discretion to establish the relevant processes from time to time, including any circumstances in which a decision may be amended or supplemented.

The Province may provide any decision by the Province or the COI Adjudicator regarding conflicts of interest to all Proponents if the Province, in its discretion, determines that the decision is of general application.

9.9 SHARED USE

A Shared Use Person is a person identified by the Province as eligible to do work for more than one Proponent, including a person who has unique or specialized information or skills such that the Province considers in its discretion their availability to all Proponents to be desirable in the interests of the Competitive Selection Process. Any Shared Use Person will be required to agree not to enter into exclusive arrangements with any Proponent.

No Shared Use Persons have been identified for this Project.

9.10 EXCLUSIVITY

Unless permitted by the Province in its discretion or permitted as a Shared Use Person, each Proponent will ensure that no member of its Proponent Team, or any Affiliated Person of any member of its Proponent Team, participates as a member of any other Proponent Team.

If a Proponent contravenes the foregoing, the Province reserves the right to disqualify the Proponent or may permit the Proponent to continue and impose such conditions as may be required by the Province. Each Proponent is responsible, and bears the onus, to ensure that the Proponent, its Proponent Team members and their respective Affiliated Persons do not contravene the foregoing.

A Proponent or a prospective Proponent Team member who has any concerns regarding whether participation does or will contravene the foregoing is encouraged to request an advance decision in accordance with this Section through the following process:

(a) to request an advance decision on matters related to exclusivity, the Proponent or prospective Proponent Team member should submit to the Contact Person, not less than 10 Business Days prior to the Submission Time for Technical Submissions by email, the following information:

1. names and contact information of the Proponent or prospective Proponent Team member making the disclosure;
2. a description of the relationship that raises the possibility of non-exclusivity;
3. a description of the steps taken to date, and future steps proposed to be taken, to mitigate any material adverse or potential material adverse effect of the non-exclusivity on the competitiveness or integrity of the Competitive Selection Process; and
4. copies of any relevant documentation.

The Province may require additional information or documentation to demonstrate to the satisfaction of the Province in its discretion that no such non-exclusivity exists or, if it does, that measures satisfactory to the Province in its discretion have been or will be implemented to eliminate or mitigate any risk to the competitiveness or integrity of the Competitive Selection Process.

9.10.1 Exclusivity – The Province May Request Advance Decisions

The Province may also independently make advance decisions, or may seek an advance decision from the COI Adjudicator, where the Province identifies a matter related to exclusivity. The Province will, if it seeks an advance decision from the COI Adjudicator, provide the COI Adjudicator with relevant information in its possession. If the Province seeks an advance decision from the COI Adjudicator, the Province will give notice to the Proponent so that it may make its own response to the COI Adjudicator.

The onus is on the Proponent to clear any matter related to exclusivity or to establish any conditions for continued participation, and the Province may require that the Proponent make an application under Section 9.10.

9.10.2 Exclusivity – Decisions Final and Binding

The decision of the Province or the COI Adjudicator, as applicable, is final and binding on the persons requesting the ruling and all other parties including Proponents, Proponent Team members and the Province. The Province or the COI Adjudicator, as applicable, has discretion to establish the relevant processes from time to time, including any circumstances in which a decision may be amended or supplemented.

The Province may provide any decision by the Province or the COI Adjudicator regarding matters related to exclusivity to all Proponents if the Province, in its discretion, determines that the decision is of general application.

10 RFP TERMS AND CONDITIONS

10.1 NO OBLIGATION TO PROCEED

This RFP does not commit the Province to select a Preferred Proponent or enter into a Project Agreement, and the Province reserves the complete right to at any time reject all Proposals, and to terminate this RFP and the Competitive Selection Process and proceed with the Project in some other manner.

10.2 NO CONTRACT

Other than to the extent provided in the Participation Agreement, this RFP is not a contract between the Province and any Proponent, nor is this RFP an offer or an agreement to purchase work, goods or services. No contract of any kind for work, goods or services whatsoever is formed under, or arises from this RFP, or as a result of, or in connection with, the submission of a Proposal, unless the Province and the Preferred Proponent execute and deliver the Project Agreement, and then only to the extent expressly set out in the Project Agreement.

10.3 FREEDOM OF INFORMATION AND PROTECTION OF PRIVACY ACT

All documents and other records in the custody of, or under the control of, the Province are subject to the Freedom of Information and Protection of Privacy Act (“**FOIPPA**”) and other applicable legislation.

By submitting a Proposal, the Proponent represents and warrants to the Province that the Proponent has complied with applicable Laws, including by obtaining from each person any required consents and authorizations to the collection of information relating to such individual and to the submission of such information to the Province and the use, distribution and disclosure of such information as part of the Proposal for the purposes of, or in connection with, this RFP and the Competitive Selection Process.

10.4 COST OF PREPARING THE PROPOSAL

Subject to Section 8.9, each Proponent is solely responsible for all costs it incurs in the preparation of its Proposal, including all costs of providing information requested by the Province, attending meetings and conducting due diligence.

10.5 CONFIDENTIALITY OF INFORMATION

Subject to the confidentiality conditions in Schedule 1 of the Participation Agreement, all information pertaining to the Project received by any Proponent or Proponent Team member through participation in

this RFP is confidential and may not be disclosed without written authorization from the Contact Person, and in no event will a Proponent discuss the Project with any member of the public or the media without the prior written approval of the Province. Except as expressly stated in this RFP, and subject to FOIPPA or other applicable legislation, all documents and other records submitted in response to this RFP will be considered confidential; however, such information or parts thereof may be released pursuant to requests under FOIPPA or other applicable legislation.

The Province has engaged Partnerships BC. Partnerships BC has been and continues to be involved in other projects, and the Province may receive information in respect of other projects which may be relevant to the Project. Subject to the terms of this RFP, including limitations on “Commercial in Confidence” information under Section 2.2 (Collaborative Meetings) and Section 6.6 (Enquiries) the Province may in its discretion disclose information that is available from this Project to Partnerships BC and other projects and may obtain information from other projects.

10.6 GENERAL RESERVATION OF RIGHTS

The Province reserves the right, in its discretion, to:

- (a) amend the scope of the Project and/or modify, cancel or suspend the Competitive Selection Process at any time for any reason;
- (b) accept or reject any Proposal based on the Province’s evaluation of the Proposals in accordance with Appendix A [Evaluation of Proposals], and in particular the Province is not obliged to select the Proposal with the lowest Proposal Net Present Cost;
- (c) reject a Proposal that fails to meet the Mandatory Requirements;
- (d) waive a defect, irregularity, non-conformity or non-compliance in or with respect to a Proposal or failure to comply with the requirements of this RFP except for Mandatory Requirements (but subject to the Province’s right with respect to the Affordability Requirements as set out in Section 7.1), and accept that Proposal even if such a defect, irregularity, non-conformity or non-compliance or failure to comply with the requirements of this RFP would otherwise render the Proposal null and void;
- (e) reject, disqualify or not accept any or all Proposals without any obligation, compensation or reimbursement to any Proponent or any of its team members subject to any payment required pursuant to Section 8.9;
- (f) re-advertise for new Proposals to this or a modified RFP, call for quotes, proposals or tenders, or enter into negotiations for this Project or for work of a similar nature;

- (g) make any changes to the terms of the business opportunity described in this RFP;
- (h) negotiate any aspects of a Preferred Proponent's Proposal; and
- (i) amend, from time to time, any date, time period or deadline provided in this RFP, upon written notice to all Proponents.

10.7 NO COLLUSION

Proponents and Proponent Team members, their employees and representatives involved with the Proposal, will not discuss or communicate, directly or indirectly, with any other Proponent or any director, officer, employee, consultant, advisor, agent or representative of any other Proponent (including any Proponent Team member of such other Proponent) regarding the preparation, content or representation of their Proposals.

By submitting a Proposal, a Proponent, on its own behalf and as authorized agent of each firm, corporation or individual member of the Proponent and Proponent Team, represents and confirms to the Province, with the knowledge and intention that the Province may rely on such representation and confirmation, that its Proposal has been prepared without collusion or fraud, and in fair competition with Proposals from other Proponents.

10.8 NO LOBBYING

Proponents, Proponent Team members, and their respective directors, officers, employees, consultants, agents, advisors and representatives will not engage in any form of political or other lobbying whatsoever in relation to the Project, this RFP, or the Competitive Selection Process, including for the purpose of influencing the outcome of the Competitive Selection Process. Further, no such person (other than as expressly contemplated by this RFP) will attempt to communicate in relation to the Project, this RFP, or the Competitive Selection Process, directly or indirectly, with any representative of the Province, the Government of British Columbia (including any Minister or Deputy Minister, any member of the Executive Council, any Members of the Legislative Assembly), any Restricted Parties, or any director, officer, employee, agent, advisor, consultant or representative of any of the foregoing, as applicable, for any purpose whatsoever.

In the event of any lobbying or communication in contravention of this Section, the Province in its discretion may at any time, but will not be required to, reject any and all Proposals submitted by that Proponent without further consideration and the Proponent will not be eligible for, or receive, the partial compensation as set out in Section 8.9.

10.9 OWNERSHIP OF PROPOSALS

All Proposals submitted to the Province become the property of the Province and will be received and held in confidence by the Province, subject to the provisions of FOIPPA and this RFP.

10.10 DISCLOSURE AND TRANSPARENCY

The Province is committed to an open and transparent procurement process. To assist the Province in meeting its commitment, Proponents will cooperate and extend all reasonable accommodation to this endeavour.

The Province expects to publicly disclose the following information during this stage of the Competitive Selection Process:

- (a) the RFP;
- (b) the number of Proponents; and
- (c) the name of Proponents.

Following Financial Close, the Province expects to publicly disclose:

- (a) the Fairness Advisor's report;
- (b) a Project Report; and
- (c) the final Project Agreement excluding those portions that may be redacted pursuant to the application of FOIPPA. For clarity, the Province expects that the final Project Agreement will be redacted consistent with precedent and does not expect to redact Schedule 8 (Payments).

Each Proponent agrees that:

- (a) to ensure that all public information generated about the Project is fair and accurate and will not inadvertently or otherwise influence the RFP process, the disclosure of any public information generated in relation to the Project, including communications with the media and the public, must be coordinated with, and is subject to prior written approval of, the Province;
- (b) it will notify the Province of any and all requests for information or interviews received from the media; and
- (c) it will ensure that all of the Proponent Team members and others associated with the Proponent comply with the requirements of this RFP.

10.11 FAIRNESS ADVISOR

The Province has appointed Jane Shackell, QC (the “**Fairness Advisor**”) to monitor the Competitive Selection Process. The Fairness Advisor will act as an independent observer of the fairness of the implementation of the Competitive Selection Process, up to the selection of a Preferred Proponent. The Fairness Advisor will provide a written report to the Province that the Province will make public.

The Fairness Advisor will be:

- (a) provided with full access to all documents, meetings and information related to the evaluation processes under this RFP that the Fairness Advisor, in its discretion, decides is required; and
- (b) kept fully informed by the Province of all documents and activities associated with this RFP.

Proponents may contact the Fairness Advisor directly with regard to concerns about the fairness of the Competitive Selection Process.

10.12 LEGAL ADVISOR

DLA Piper (Canada) LLP is a Restricted Party. By submitting a Proposal, the Proponent and each member of a Proponent Team expressly consents to DLA Piper (Canada) LLP continuing to represent the Province for all matters in relation to this RFP and the Project, including any matter that is adverse to the Proponent or any member of a Proponent Team or any of their respective related parties, despite any information of the Proponent or any member of a Proponent Team or any of their respective related parties and any solicitor-client relationship that the Proponent or any member of a Proponent Team or any of their respective related parties may have had, or may have, with DLA Piper (Canada) LLP in relation to matters other than this RFP and the Project. This Section is not intended to waive any of the Proponent's or relevant member of a Proponent Team's rights of confidentiality or solicitor-client privilege. The Province reserves the right at any time to waive any provision of this Section.

10.13 LIMITATION OF DAMAGES

Each Proponent on its own behalf and on behalf of the Proponent Team and any member of a Proponent Team:

- (a) agrees not to bring any Claim against the Province or any of its employees, advisors or representatives for damages in excess of the amount equivalent to the reasonable costs incurred by the Proponent in preparing its Proposal for any matter in respect of this RFP or Competitive Selection Process, including:

1. if the Province accepts a non-compliant proposal or otherwise breaches, or fundamentally breaches, the terms of this RFP or the Competitive Selection Process; or
 2. if the Project or Competitive Selection Process is modified, suspended or cancelled for any reason (including modification of the scope of the Project or modification of this RFP or both) or the Province exercises any rights under this RFP; and
- (b) waives any and all Claims against the Province or any of its employees, advisors or representatives for loss of anticipated profits or loss of opportunity if no agreement is made between the Province and the Proponent for any reason, including:
1. if the Province accepts a non-compliant proposal or otherwise breaches or fundamentally breaches the terms of this RFP or the Competitive Selection Process; or
 2. if the Project or Competitive Selection Process is modified, suspended or cancelled for any reason (including modification of the scope of the Project or modification of this RFP or both) or the Province exercises any rights under this RFP.

This Section does not limit the Province's obligation to make payment under Section 8.9, but in no event will the Province's liability exceed the amount calculated pursuant to Section 8.9.

APPENDIX K RATE SETTING PROCESS AND ADVANCE INTEREST RATE SUBMISSIONS

1. RATE SETTING PROCESS

To facilitate the rate setting process, an AIRS process will be used over the RFP phase prior to the selection of a Preferred Proponent. Once a Preferred Proponent is selected, detailed base rate setting protocols as applicable will be developed in conjunction with the Preferred Proponent.

Any facility identified by a Proponent as an Adjustment Credit Facility in the AIRS process may have components of its pricing between Financial Submission and Financial Close adjusted for benchmarks (“**Benchmarks**”) as outlined in this appendix.

Benchmarks are:

- (a) Senior Debt Base Rate Benchmark: established by reference to Government of Canada benchmark bonds.

This Benchmark is used to establish the Senior Debt base rate for the Proponent’s Financial Submission and to establish the calculation for determining the relevant base rate at Financial Close.

- (b) Swapped Senior Debt Base Rate Benchmark: established by reference to CAD swap yields and CAD basis swap yields.

This Benchmark is used to establish the Senior Debt swapped base rate for the Proponent’s Financial Submission and to establish the calculation for determining the relevant swapped base rate at Financial Close.

- (c) Reinvestment Base Rate Benchmark: established by reference to either of the approaches outlined in (a) and (b) above depending on the nature of the reinvestment product.

This Benchmark is used to establish the reinvestment product base rate for the Proponent’s Financial Submission and to establish the calculation for determining the relevant reinvestment product base rate at Financial Close.

- (d) Senior Debt Credit Spread Benchmark: established by reference to a basket of comparable bonds agreed between the Province and the Proponent.

This Benchmark is used to measure the change in spread of a basket of bonds between Financial Submission and the Credit Spread Refresh Lock-in Date. The Proponent’s relevant Credit Spreads will be adjusted by the same amount (either up or down).

Benchmarks (excluding the Reinvestment Base Rate Benchmark) may be applied to any Senior Credit Facility that is designated by a Proponent during the Advance Interest Rate Submission process as an Adjustment Credit Facility. Any Senior Credit Facility not so designated will not be adjusted following the Financial Submission.

The Reinvestment Base Rate Benchmark may be applied to any reinvestment product that is included in the Proponent's Financial Model and that is associated with any portion of the Senior Credit Facilities. Such reinvestment product must be designated by the Proponent during the Advance Interest Rate Submission process as an Adjustment Credit Facility. Any reinvestment product not so designated will not be adjusted following the Financial Submission.

2. ADVANCE INTEREST RATE SUBMISSIONS (AIRS)

There are three Advance Interest Rate Submissions (AIRS) to determine the method for calculating the Benchmarks and their values: Initial AIRS, Interim AIRS and Final AIRS. Details and submission requirements relating to each of these AIRS are contained in Appendix K.

1.1 Senior Debt Base Rate Fluctuation Risk (including reinvestment products)

If a Proponent submits all of an Initial AIRS, an Interim AIRS and a Final AIRS with respect to base rates in accordance with the provisions of this RFP, and the Province has advised the Proponent that such AIRS are acceptable to the Province, then subject to the provision of this RFP the Province will assume the risk of any changes in base rates (both up and down) affecting the relevant Adjustment Credit Facilities only, in respect of the period commencing from and including the date the Province provides the information with respect to the Final AIRS (as contemplated in the section titled "Information to be Provided by the Province" in Appendix K) up to and including the date of Financial Close.

1.2 Senior Debt Credit Spread Fluctuation Risk

If a Proponent submits all of an Initial AIRS, an Interim AIRS and a Final AIRS with respect to credit spreads in accordance with the provisions of this RFP, and the Province has advised the Proponent that such AIRS are acceptable to the Province, then subject to the provision of this RFP the credit spread on each relevant Adjustment Credit Facility only will be reset on the Credit Spread Refresh Lock-in Date to reflect the movement (if any) in the Senior Debt Credit Spread Benchmark since the date on which the Final AIRS acceptable to the Province was submitted.

The “**Credit Spread Refresh Lock-in Date**” will be the Business Day immediately prior to the date on which the base rates for the Senior Credit Facilities are set in accordance with the pre-agreed rate setting protocol, when the Preferred Proponent is either to:

- (a) confirm the credit spread applicable to each relevant Adjustment Credit Facility (where there has been no change in the credit spread); or
- (b) change the credit spread applicable to each relevant Adjustment Credit Facility (whether such change is upwards or downwards) by submitting to the Province:
 - 1. the revised credit spreads calculated using the Senior Debt Credit Spread Benchmark approved by the Province in accordance with this RFP, including all information that the Province requires to confirm the movement in the Senior Debt Credit Spread Benchmark and applicable revision to each Credit Spread;
 - 2. a fully completed Appendix K-3;
 - 3. a fully optimized Financial Model that has been revised only to reflect the then-current value for the Base Rate and revised Credit Spread on each relevant Adjustment Credit Facilities;
 - 4. Pricing Forms revised only with respect to the then-current value for the Base Rate and Credit Spread on each Adjustment Credit Facilities; and
 - 5. any other supporting information that the Province may reasonably request.

With effect from the Credit Spread Refresh Lock-in Date, but without prejudice to any other rights of the Province under this RFP, the revised Credit Spreads on the relevant Adjustment Credit Facilities and any re-optimization of the Financial Model and any revisions to its Financing Plan provided by the Preferred Proponent will apply without any further adjustment to credit spreads through to Financial Close.

1.3 Credit Spread Re-Couponing Process

If a Proponent’s Financing Plan involves a solution that has a market clearing spread that differs from the credit spread agreed to at the Credit Spread Refresh Lock-in Date, the Province will not be involved in the determination of the issue spread adjustment.

Any activity by the Proponent to determine the issue spread adjustment and the post-recouponing Financial Model and reconcile with the Proponent’s financing documents (e.g. Note/Bond Indenture) must be done independently of Financial Close. The Project Agreement will only reflect the agreed upon credit spread between the Province and the Proponent.

If the Proponent has indicated in its Financial Submission that a post-recouping Financial Model should be included in the Project Agreement, the explanation and rationale for its inclusion (e.g. for the purposes of a termination payment) must be discussed and accepted by the Province, in its discretion, during the Preferred Proponent stage.

1.4 Interest Rate Assumptions in the Financial Submission Financial Model

If a Proponent submits all three of an Initial AIRS, an Interim AIRS and a Final AIRS with respect to base rates in accordance with the provisions of this RFP, and the Province has advised the Proponent that all three such AIRS are acceptable to the Province, then subject to the provision of this RFP the Proponent is to use the base rate agreed during the Final AIRS process for the relevant Adjustment Credit Facilities in its Financial Model submitted as part of its Financial Submission.

1.5 Dry Runs

If the Preferred Proponent is a Proponent that submitted an Initial AIRS, an Interim AIRS and a Final AIRS in accordance with the provisions of this RFP, and the Province has advised the Proponent that such AIRS were acceptable to the Province, then prior to Financial Close the Preferred Proponent will undertake several “dry runs” with the Province so that the parties are familiar with, and agree on, the technical process for determining the base rates and incorporating the results into the Financial Model.

3. GENERAL APPROACH TO PRICING THE BENCHMARKS

	Advance Interest Rate Submissions (excluding Initial)	Preferred Proponent Stage
Senior Debt Base Rate Benchmark (not swapped, based on Government of Canada benchmark bonds)	Bid-market rates for Government of Canada benchmark bonds to be provided by the Province. At <u>Financial Close</u> : Senior Debt Base Rate Benchmark to be provided by the Preferred Proponent in accordance with a pre-agreed rate setting protocol. Proponent to source its own bid-market data. Interpolation methodology to match that agreed during the AIRS process. The Senior Debt Base Rate Benchmark will be subject to the Province's approval.
Swapped Senior Debt Base Rate Benchmark	Mid-market CAD swap and mid-market CAD basis swap data will be provided by the Province.	At <u>Financial Close</u> : Swapped Senior Debt Base Rate Benchmark to be provided by the Preferred

Proponent will assume that the terms provided including, the notional schedule and the fixed rate assume that Financial Close happened on the same day that the day the rates were provided by the Province under Appendix K-1.</p> <p>The calculated Swapped Senior Debt Base Rate Benchmark, including the calculation methodology, will be subject to the Province's approval.</p>	<p>Proponent in accordance with a pre-agreed rate setting protocol.</p> <p>Proponent to source its own mid-market data. The “Senior Debt Base Rate Benchmark” will be calculated at the bid-market rate, excluding any execution spread, credit spread, liquidity spread or any other form of margin, spread or fee. The “Swapped Senior Debt Base Rate Benchmark”, and the “Reinvestment Base Rate Benchmark” will all be calculated at the mid-market rate excluding any execution spread, credit spread, liquidity spread or any other form of margin, spread or fee. The Service Payments submitted as part of the Proponent’s Financial Submission should include any execution and/or swap credit spread/charge required to execute the relevant benchmark and, for the avoidance of doubt, such execution and/or swap credit spread/charge will not be subject to any adjustments after Financial Submission.

4. INITIAL AIRS

1. Information to be Provided by the Province

The Province expects to provide Proponents with an updated Appendix K-1 one week prior to the Initial Airs Submission Time based on market rates as at 08:00 Pacific Time on that day.

2. Information to be Provided by the Proponent

In its Initial AIRS the Proponent is to provide:

- (a) A statement of which of its Senior Credit Facilities it elects to designate as an Adjustment Credit Facility. If the Proponent does not elect to designate any Senior Credit Facility as an Adjustment Credit Facility, then a statement to that effect.

If no Senior Credit Facilities are designated as an Adjustment Credit Facility then, except as required by this section a), the Proponent is not required to submit any further information in respect of the AIRS process.

Any Senior Credit Facility designated as an Adjustment Credit Facility may be adjusted, but only in accordance with this RFP, between Financial Submission and Financial Close. Any Senior Credit Facility not designated as an Adjustment Credit Facility may not be adjusted following Financial Submission.

- (b) A statement of which of the Benchmarks the Proponent elects to apply to each of the designated Adjustment Credit Facilities.
- (c) If a Proponent elects to apply the Senior Debt Base Rate Benchmark:

1. Confirmation that the Government of Canada benchmark bonds identified by the Province in Appendix K-1 are suitable for the anticipated debt structure contemplated by the Proponent. When selecting the Government of Canada benchmark bonds, Proponents should consider Canadian bond market pricing convention which is to price amortizing bonds using an underlying benchmark bond with a term to maturity that approximates the average life date, not the maturity date.
2. If the Government of Canada benchmark bonds identified by the Province in Appendix K-1 are not suitable for the anticipated debt structure contemplated by the Proponent, then alternate security or securities for consideration by the Province.

In such instances, the Proponent is to provide sufficient information to allow the Province to confirm that the Government of Canada benchmark bonds identified by the Province in Appendix K-1 are not suitable for the Proponent's anticipated debt structure. If other alternate security or securities are requested, the information provided must demonstrate why they are suitable and possess similar characteristics in terms of information access, rating, duration, liquidity and amortization as the Government of Canada benchmark bonds.

Alternate security or securities may be accepted or rejected by the Province in its absolute discretion.

3. A detailed explanation, including a worked example, of how and in what circumstances the Proponent will calculate an interpolated rate from the approved securities.

(d) If a Proponent elects to apply the Swapped Senior Debt Base Rate Benchmark:

1. A completed indicative swap term sheet substantially in the form shown in Appendix K-2 except that for the purpose of the Initial AIRS, terms and conditions marked on the indicative term sheet with an asterisk (*) need not be submitted.
2. A detailed explanation, including a worked example indicating the periodic payments and reset rates expected as calculated by the Proponent, of how the Swapped Senior Debt Base Rate Benchmark will be calculated from the information provided to the Proponent by the Province.

(e) If a Proponent elects to apply the Reinvestment Base Rate Benchmark:

1. A description of the reinvestment products to which the Benchmark will apply and the association between those reinvestment products and the Senior Credit Facilities.
2. Confirmation as to whether the Reinvestment Base Rate Benchmark is to be based on a swapped rate product;
3. If the Reinvestment Base Rate Benchmark is not to be based on a swapped rate product then the same information requested in section c) in relation to the Reinvestment Rate Benchmark;
4. If the Reinvestment Base Rate Benchmark is to be based on a swapped rate product then the same information requested in section d) in relation to each Reinvestment Base Rate Benchmark.

(f) If a Proponent elects to apply the Senior Debt Credit Spread Benchmark:

1. A proposed Senior Debt Credit Spread Benchmark, such Senior Debt Credit Spread Benchmark being a security (i.e., an index) or weighted “basket” of securities that the Proponent believes possesses similar credit characteristics to the relevant Adjustment Credit Facility in terms of rating, duration, size and currency and for which observable rates are verifiable by the Province. Complete and submit Section 2, area labeled “i” columns B through G inclusive in Appendix K-3;
 - i. The Province will typically accept a previously accepted bond / reject a previously rejected bond, unless there are either 1) good Project-specific reasons to accept or reject; or 2) the security’s characteristics have changed over time making it appropriate or no longer appropriate.
 - ii. The basket must have at least 10 securities included in total. If certain bonds are rejected during the process, the Proponent must propose additional bonds, subject to the Province’s approval, in order to get back to the minimum.
2. Rationale for the suitability of the Senior Debt Credit Spread Benchmark including consideration for relevance, liquidity and diversification within the “basket”;
3. Information and documentation to support, and to enable a third party to verify, the proposed Senior Debt Credit Spread Benchmark pricing including:

- details of how the Senior Debt Credit Spread Benchmark will be priced and software that will be applied; and
 - details of the pricing conventions inherent in the pricing; and
4. A proposed formula describing how each Credit Spread will move upwards and downwards with the movement in the Senior Debt Credit Spread Benchmark.

3. Process following Initial AIRS

Within a reasonable period determined by the Province after the Initial AIRS Submission Time, the Province will advise the relevant Proponent whether, in the Province's discretion, the information contained within the Initial AIRS is acceptable.

If the Province advises a Proponent, with particulars, that any Initial AIRS is not acceptable, the Proponent is to submit a revised Initial AIRS to the Province that addresses the Province's concerns within 5 Business Days (or other such reasonable period determined by the Province in its discretion) after receiving such notice.

The Province may, in its discretion, request a meeting with the Proponent to discuss its Initial AIRS.

This process will be repeated (at the discretion of the Province) until an Initial AIRS is proposed that is acceptable to the Province, in the Province's discretion. A Proponent that has submitted an Initial AIRS that is acceptable to the Province will be invited to submit an Interim AIRS.

A Proponent may make a supplementary submission after the Initial AIRS (on the same basis as the Initial AIRS) and before the Interim AIRS. It is in the Province's discretion whether to accept the supplementary submission. If there is insufficient time for the Province and the Proponent to agree on revised Benchmarks, the Proponent will use the benchmarks approved at the Initial AIRS.

5. INTERIM AIRS

5. Confirmation that the Swapped Senior Debt Base Rate Benchmark is calculated using the rates provided by the Province and excludes all margins, spreads and fees (with the exception of any swap spread/charge implied within the mid-market CAD swap curve). Any execution and/or swap credit spread/charge required to execute the Swapped Senior Debt Base Rate Benchmark should be included in the Proponent's Service Payments submitted as part of its Financial Submission and will not be subject to any adjustments after Financial Submission.

 - ♦ copies of the price quotes (using a Bloomberg screen shot or similar); and
 - ♦ details of the pricing conventions inherent in the pricing.

Confirmation that the Senior Debt Credit Spread Benchmark is a mid-market spread that is calculated from the difference in the relevant mid-market rates and excludes all margins, profits and fees

3. Process following Interim AIRS

Within a reasonable period determined by the Province after the Interim AIRS Submission Time, the Province will advise the relevant Proponent whether, in the Province’s discretion, the information contained within the Interim AIRS is acceptable.

If the Province advises a Proponent, with particulars, that any Interim AIRS is not acceptable, the Proponent is to submit a revised Interim AIRS to the Province that addresses the Province’s concerns within 5 Business Days (or other such reasonable period determined by the Province in its discretion) after receiving such notice.

The Province may, in its discretion, request a meeting with the Proponent to discuss its Interim AIRS.

A suggested approach for each of the Collaborative Meetings, including example agenda and submission items, is provided below:

(a) Collaborative Meeting 1:

1. Site requirements including zoning, setbacks, building height;
2. architectural site plan option(s) with major blocking elements (e.g., all program areas, public space, courtrooms, parkade) showing key circulation, access and adjacencies (both internal and external);
3. high level engineering strategies (mechanical, electrical, structural, civil);
4. scored elements; and
5. commentary on affordability or expensive/problematic specification items.

(b) Collaborative Meeting 2:

1. resolution of any issues raised by the Province in Collaborative Meeting 1;
2. architectural floor plans to a concept plan level of completion sufficient to illustrate functionality of spaces and key adjacencies;
3. civil works;
4. Site access, traffic flow and parking;
5. any features or proposed Acceptable Equivalents needing advanced consideration or review including engineering issues (refer to Section 6.15 for further details);
6. scored elements;
7. any issues regarding the Project schedule; and
8. Proponent opinions on areas of the Schedule 3 Performance Specifications that may:
 - i. exceed typical industry specifications related to quality and performance for facilities of this type;
 - ii. drive unexpected outcomes and/or costs; or
 - iii. be achieved in a more efficient manner.

(c) Collaborative Meeting 3:

1. resolution of any issues raised by the Province in Collaborative Meeting 2;

2. architectural floor plans to a concept plan level of completion sufficient to illustrate functionality of spaces, separation of flows and key adjacencies;
3. engineering design strategies integrated with architectural plans (mechanical, electrical, structural, civil); and
4. any features or proposed Acceptable Equivalents needing advanced consideration or review including engineering issues (refer to 6.15 for further details);
5. scored elements;
6. any issues regarding the Project schedule; and
7. discussion of key elements of the Interim Financial Submission.

(d) Sample agenda below:

1. proposed design and functionality, including presentation of current design with changes from earlier submission(s) highlighted and Province feedback received;
2. Site design, including servicing, grading, and access;
3. Energy target;
4. FM services, including operating hours, parkade requirements, security, and helpdesk;
5. Affordability concerns relative to Schedules 3 and 4; and
6. wrap up with Proponent replaying what they heard.

APPENDIX O ENERGY CONSERVATION MEASUREMENT METHODOLOGY

The Province wishes to incentivize reduction of the energy consumption of the Facility below the Province's maximum Design and Construction Energy Target (DCET) of 2,556 MWh per year specified in the Project Agreement.

Proponents will submit a calculated Design and Construction Energy Target in MWh per year that reflects the anticipated performance of their design. For the purposes of Appendix A, the Province will review and calculate the potential estimated net saving based on the performance and quality of the Proponent's Design and Construction Energy Target.

FORMULA DEFINITION

Conceptually the calculation is summarized as shown below:

$$\text{Cost Adjustment (\$)} = \text{NPV}_{30 \text{ year}} (\text{DCET}) - \text{NPV}_{30 \text{ year}} (\text{DCET}_{\text{Proponent}})$$

The Province has developed the maximum Design and Construction Energy Target that will be used in the calculation above based on the indicative design and has achieved the minimum energy performance requirements set out in Schedule 3 [Design and Construction Specifications] using the same assumptions below.

ASSUMPTIONS

The following assumptions will be used consistently for all calculations:

(e) $i = 6.12\%$.

(f) $N = 360$ (where each period is one month)

(g) Energy Costs:

1. Initial unit rate for electrical = BC Hydro Large General Service (July 1, 2017)

i. Consumption Charge: \$0.055/kWh

ii. Demand Charge:

1. \$11.21/kW

2. \$0.2429/day

iii. 5% rate rider

iv. 5% GST

2. Initial unit rate for natural gas = Fortis BC, Mainland Service Area Rates (July 1, 2017)
 - i. Consumption Charge: \$9.01/GJ (including taxes)/GJ
3. **e** (the escalation rate (or indexation) assumed for all energy unit costs) = 2.5% per year.

APPENDIX P SECURITY CLEARANCE PROCESS

The Province requires security clearance checks of each Key Individual during the RFP phase, and more broadly for Project Co during the Construction Period and Operations Period.

The security clearance process is outlined below.

1. RFP Phase

For the RFP phase of the Project, each Key Individual is required to undertake a BC courthouse sheriff court clearance check. This clearance check includes a criminal records check from the Canadian Police Information Centre (CPIC) as well as other records. The presence of a record may result in an applicant not receiving a security clearance for the Project.

For the clearance check, each Key individual is required to:

(a) Complete and sign a CPIC consent form with their personal information, including:

1. legal name, alias, maiden name;
2. gender;
3. telephone number;
4. residence address;
5. date of birth;
6. place of birth;
7. driver's license number and issuing province;
8. previous address if not in current address for last 5 years;
9. a confidentiality agreement related to security; and
10. a credit card consent form for the \$20 fee for all security checks.

The CPIC consent form is available in the Data Room.

(b) Provide two pieces of current government identification, one of which must be a current valid government photo identification (e.g. driver's license, passport). At least one piece of identification must have the current residential address on it; otherwise, a copy of a current hydro or telephone bill showing the applicant's name and address is also required.

1. Identification is to be scanned to a clear, legible pdf file and submitted via email.

2. In addition, original identification will be verified in person and compared to the scanned copies. In-person identity verification will occur at the first round of Collaborative Meetings.

(c) Key Individuals are to submit their forms and identification to the following email address:

peter.hamilton@gov.bc.ca

BC Sheriffs will review the emailed documents for accuracy and completeness. If required, changes will be noted and sent back to the applicant so complete forms can be brought to the in-person identity verification.

All advance forms are to be submitted no later than the Submission Time for Collaborative Meeting 1.

(d) Key Individuals are to bring all original forms as well as one piece of current valid government photo identification for the verification process to the First Collaborative Meeting (August 1-3). A BC Sheriff or Province Representative will perform the in-person identity verification, collect all original documents and submit them for processing.

(e) A separate package with a credit card authorization for \$20 is required for each individual application. The \$20 fee is payable by credit card only using the credit card approval form available in the Data Room. A credit card application may only apply to a single applicant and applications for multiple applicants will not be accepted.

All fees pertaining to this process will be borne by the applicant.

A database check is performed with the personal information collected. Occasionally a person with a similar name and date of birth could cause a record to be generated that will not enable further consideration of the applicant in this process without a finger print check being done. If required, the finger print process will be an additional cost as charged by the police agency where the individual resides. This additional fingerprint check can only be done after prior consultation with the BC Sheriffs and does not guarantee a security clearance will be granted.

The database checks are performed for the Province by a third party who cannot guarantee processing times. If all forms are completed legibly, accurately and as indicated above, clearances are typically processed within four weeks' time of identification verification.

The decision of BC Sheriffs is final. Applicants will receive email notification of the status of their clearance ("cleared" or "not cleared").
