

## Welch Allyn Accessory Cable Management Stand

This unique mobile stand is ergonomically designed for efficiency and ease of use. System components have specific compartments to ensure quick identification and access, and natural draping keeps everything neat and organized to help make users more efficient.

- > Unique cable routing features minimizes tangling and may extend equipment life
- > All cables, accessories, and disposables are on-board, enabling users to quickly determine if needed supplies are available to minimize workflow disruption
- > On-board infection control wipes holder, rounded corners, slotted bin openings, and a modular design facilitate cleaning and help minimize the risk of cross-contamination
- > Monitor and bins are within the footprint of the base and protected by the cable management tray
