

Infrastructure BC Inc. supports the public sector by providing leadership in the procurement of complex capital projects. Infrastructure BC works to improve the lives of people and communities in British Columbia by acting as an interface between public sector entities and private sector companies in the procurement and delivery of complex capital projects. Not only do the infrastructure projects improve the day-to-day lives of residents, they also contribute to local job creation and support a strong and sustainable economy. *For more information on Infrastructure BC, please visit our website at www.infrastructurebc.com.*

Infrastructure is a crucial part of the B.C. Government's plan to keep B.C. moving ahead. An unprecedented number of significant and complex infrastructure projects have been approved to build hospitals, schools, and improve B.C.'s transit systems and highways to address the needs of our growing province. Infrastructure BC is currently seeking qualified applicants for the position of **Senior Associate** to support project teams in the planning, development and implementation of these complex infrastructure projects.

Senior Associates report to Project Directors:

Key accountabilities include:

- Support in the development and implementation of complex procurement processes.
- Complex analysis of projects, both quantitative and qualitative (e.g., risk analysis).
- Drafting of business cases and procurement documents.

Qualified applicants will possess the following education, skills and competencies:

- A post-secondary degree in a relevant discipline is required, together with a minimum of 5-7 years relevant work experience.
- Demonstrated project management experience with vertical or heavy civil infrastructure projects.
- Demonstrated analytical skills.
- Professional communication skills (verbal and written) with the ability to communicate effectively at all levels.
- Effective business case writing and analysis skills.
- Self-starter with a positive, 'can do' attitude.

Note: Positions can be based in either Vancouver or Victoria, BC.

Infrastructure BC provides unmatched professional development opportunities through exposure to complex, high-profile infrastructure projects. It is dedicated to executing projects that are in the best interests of British Columbians.

Qualified candidates are invited to send their resumes, in confidence, to Human Resources via email at hr@infrastructurebc.com.

*We thank all applicants for their interest,
but only those selected to be interviewed will be contacted.*
