Dear Sirs/Mesdames:

Re: Royal British Columbia Museum Collections and Research Building Project
Fairness Reviewer Report re: RFQ No. 12431

I was retained as Fairness Reviewer for this project in January 2021 to monitor and report on the fairness of the procurement process both in the RFQ and RFP stages of the Project. This is an interim report on the RFQ stage and should not be taken as a final report at this juncture.

At the time of my appointment to the present time, I have reviewed the RFQ document itself, the Evaluation Guidelines and several email exchanges between the members of the Evaluation Team and the Proponents making submissions to the RFQ.

In addition to the foregoing, I have been advised of all meetings of the Evaluation Committee and sub-committees and attended those meetings by Zoom as I saw fit and appropriate having regard to the subject matter of the meetings.

Finally, I attended the Consensus Meetings of the sub-committees, again as I thought necessary to do so.

I can say that to this point of time in the RFQ phase I have found the process to be fair, transparent, without bias being shown to any one of the Proponents and in accordance with the rules set out in the RFQ and in the Evaluation Guidelines.

Yours truly,

John R. Singleton, Q.C.
