

Infrastructure BC Inc. supports the public sector by providing leadership in the procurement of complex capital projects. Infrastructure BC works to improve the lives of people and communities in British Columbia by acting as an interface between public sector entities and private sector companies in the procurement and delivery of complex capital projects. Not only do the infrastructure projects improve the day-to-day lives of residents, they also contribute to local job creation and support a strong and sustainable economy. *For more information on Infrastructure BC, please visit our website at www.infrastructurebc.com.*

Infrastructure is a crucial part of the B.C. Government's plan to keep B.C. moving ahead. An unprecedented number of significant and complex infrastructure projects have been approved to improve B.C.'s transit systems and highways to address the needs of our growing province. Infrastructure BC is currently seeking qualified applicants for the position of **Senior Associate** to support project teams in the planning, development and implementation of these complex infrastructure projects.

Senior Associates report to Project Directors:

Key accountabilities include:

- Support in the development and implementation of complex procurement processes for large capital infrastructure projects, including highways, rapid transit and major structures..
- Complex analysis of projects, both quantitative and qualitative (e.g., risk analysis).
- Drafting of business cases and procurement documents.
- Communications and engagement with construction market participants through market soundings and procurement process activities.

Qualified applicants will possess the following education, skills and competencies:

- A post-secondary degree is preferred, together with a minimum of 5-7 years relevant work experience.
- Demonstrated procurement-related and/or project management experience with capital infrastructure projects, preferably involving transportation assets.
- Demonstrated analytical skills.
- Professional communication skills (verbal and written) with the ability to communicate effectively at all levels.
- Effective business case writing and analysis skills.
- Self-starter with a positive, 'can do' attitude.

Note: Position is based in Vancouver, B.C.

Please be advised that Infrastructure BC has a vaccine policy in place that requires all employees to be fully vaccinated. All potential candidates must meet that requirement.

Infrastructure BC provides unmatched professional development opportunities through exposure to complex, high-profile infrastructure projects. It is dedicated to executing projects that are in the best interests of British Columbians.

Qualified candidates are invited to send their resumes, in confidence, to Human Resources via email at hr@infrastructurebc.com.

*We thank all applicants for their interest,
but only those selected to be interviewed will be contacted.*

Infrastructure BC is an equal opportunity employer. In accordance with the Accessible Canada Act, 2019, and all applicable provincial accessibility standards, upon request, accommodation will be provided by Infrastructure BC throughout the recruitment, selection and/or assessment process to applicants with disabilities.
